

## Parking Spaces Made Available

"At least 500 parking spaces are available on the periphery of the campus," Philip A. Mark, traffic violations officer, said yesterday.

According to Mark, spaces are available in areas 83, 52 and 43, which are in the vicinity of Nittany. Permits will be sold to students who wish to park in any of these areas and graduate assistants may obtain permits by contacting Mark.

Motor scooter drivers can purchase permits to park in any of five areas they choose "Scooter drivers must have insurance, though," Mary said, "This is why many scooter spaces are available"

## ELECTRONIC DATA PROCESSING

ANNOUNCING A NEW TRAINING PROGRAM  
FOR PERMANENT POSITIONS IN

- Sales ■ Systems & Methods ■ Product Planning

FOR GRADUATES AND CANDIDATES FOR DEGREES IN

- Mathematics ■ Industrial Management ■ Physics ■ Liberal Arts ■ Social Sciences ■ Business Administration ■ Accounting ■ Marketing ■ Statistics ■ Finance ■ Economics

INTERVIEWS ON CAMPUS **FEBRUARY 22nd and 23rd**

Electronic Data Processing, or EDP, is the most rapidly expanding aid to automation of clerical work in business, industry and government today. RCA's advanced systems have won wide acceptance. Paperwork which ordinarily would take days or even weeks of effort can be accomplished within hours.

Unlimited opportunities exist for EDP Sales Representatives, for Systems & Methods Analysts to evolve workable new systems, for Product

Planning Specialists to devise new performance concepts in both modified and new systems. These are the challenges—and RCA, pre-eminent in electronics, offers permanent positions through a comprehensive EDP Training Program.

Right now, see your Placement Officer. Arrange a specific time for your interview. And get your copies of the brochures that fill you in on RCA and the RCA EDP picture. If you're tied up when RCA's Representative is here, send a résumé to:
