

# Pitt Mat Win Key To Unbeaten Season

By JOHNNY BLACK

A victory over Pitt tomorrow night would practically ensure an undefeated season for the Nittany Lion wrestlers.

The Blue and White matmen would then have only to get past Rutgers, a minor power, next weekend to post their first perfect record in seven years. The Lions have not gone through a full season unscathed since 1953 when they won the national championship.

In a sense, tomorrow's battle on the Rec Hall mats may be a preview of, or at least an index to, the eastern tournament next month.

The Lions and Panthers, who finished second and fourth, respectively, last year, have far outdistanced all other competition in the East this winter.

The tone of the Lion - Panther fight should be set in the first few matches.

State has demonstrated in every meet this year that its chief asset is balance. The Nittanies are strong in every weight class but exceptional in none. Every man in the lineup is as much of a star as the others.

Pitt, on the other hand, relies primarily on the strength of its lightweights to carry it through.

The Panther grapplers are unbeaten up to the 157-pound class. Sophomore 123-pounder Dick Martin has a 6-0 record and junior Larry Luachle is 8-0 at 130.

Sophomore Daryl Kelvington and John Zolikoff post identical 7-0-1 slates. Kelvington, 137, drew with Lehigh's Curt Alexander and Zolikoff, 147, deadlocked with Les Austin of Syracuse.

State has some undefeated lightweights of its own. Rookies Tony Scordo, 123, and Art Ravitz, 130, have not lost this year. Veterans Guy Guccione, 137, and Sam Minor, 147, each have but one loss.

Strategists figure that Pitt will

Kelvington

have to take all four of these bouts to upset the Lions.

Above 147 the Panthers' ranks thin out. Four sophomores Bill Robb (0-1), August Arrigone (2-4), Paul Wilson (0-0-1) and Joe Schmitt (0-4-6) alternate in filling the 157 and 167-pound berths.

Lenny Vuocolo, a hot and cold wrestler with a 5-3 record this season (1-11-1 last year), holds the 177-pound assignment.

Tom Hall, the only other senior on the squad is having a good year at 191. He has lost only one of six bouts.

Bob Guzik (3-2-1) is Pitt's representative in the unlimited category.

# Relay Team Will Run In Garden

When Lion track mentor Chick Werner posted the names of the athletes who would be competing in the Knights of Columbus Meet tomorrow night in Madison Square Garden, a murmur of surprise rippled through the semi-circle of bystanders around the bulletin board in Rec Hall.

For under the heading "2-mile relay team" six names were listed to make the trip instead of the usual four.

Werner assured the surprised boardmen that he hadn't made a mistake and that he wouldn't decide which four of the six would run until shortly before the time of the race.

Although it may appear that Werner is putting himself on a hotseat, there is actually some clever strategy behind this move.

According to time trials held Thursday in Rec Hall, the top four men for the relay are Steve Moorhead, Dick Engelbrink, George Jones and Mike Miller.

Right behind Jones and Miller in the trials were two of the Lions top middle distance men, Dick Hambright and Don Davies. Werner knows that both Hambright and Davies are capable of better times than they posted Thursday afternoon.

So all six men will make the trip — and no one will be sure who is running until shortly before race time.

# Hirst To Lead Pitt Gymnasts Against Nittanies Tomorrow

By LARRY ROTH

All-around performer Dave Hirst, a man who could cause trouble for Penn State's gymnastic team and especially Jay Werner, will lead Pittsburgh's gym team into Rec Hall tomorrow afternoon.

Hirst, who will compete in tumbling, the high bar and flying rings, was undefeated on the rings in dual meet competition in 1959 and has kept his record intact this season.

Last year he placed second in the EIGL and third in the NCAA tournament in this event.

He demonstrated his all-around ability by placing fourth in tumbling in the EIGL.

Earlier this season the muscular Hirst defeated Army's ace ringman Jon Aaronson in a dual meet. Aaronson is the only man to beat Werner on the rings.

Werner, Penn State's defending national champion in the flying rings, will have to throw his best routine to win his specialty from the Pitt co-captain.

Pitt's other co-captain is Don Kasner, who placed fifth in the 1959 Easterns on the parallel bars. He will also compete on the high bar and side horse.

Led by this pair of all-around performers, Pitt has run up a 5-2

record this season.

The Panthers have turned back Temple, Springfield College, West Virginia, Syracuse and Georgia Tech. They have been beaten by Navy and Army. Penn State also lost to the Cadets.

Besides Hirst and Kasner, five other returning letterman will be counted on heavily for team points.

Joe Battaglia, who did not compete last year because of a foot injury, is a versatile three event competitor. He works the rings, p-bars and rope climb.

Tom Treese will work the flying rings. John Rainaldi will compete on the high bar and p-bars, and John Felman and Ron Daugherty will climb the rope for the Panthers.

## How much needless federal spending is hidden in your tax bill?

You willingly pay your share of taxes for national defense and other needed federal services. But do you know that you're also paying taxes to put the government farther into the electric business?

Already this federal "public power" has cost you and other taxpayers about \$5,500,000,000. And pressure groups are trying to get the government to spend \$10,000,000,000 more.

Yet people don't need more federal "public power." The independent electric light and power companies are ready and able to supply America's needs for electricity. And they don't depend on your tax money.

Most people don't want more federal electric systems. A 1959 opinion poll reveals that Americans prefer business to federal government ownership of their electric company.

Tax spending for government electricity goes on and on simply because most people don't know about it. Will you help spread the facts?
