WHY VERN GRAHAM PICKED A FAST GROWING ELECTRICAL COMPANY...

Vernon E. Graham of Fredericktown, Missouri, Class of 1959 at Missouri School of Mines & Metallurgy. Sales Engineer with Federal Pacific Electric Company.

“I figure I made the right move when I joined a fast-growing electrical company like FPE. You get in on the ground floor and you move up fast as the company expands... you're not submerged and lost in the shuffle. Do a good job and people hear about it. There's no paternalism—your own ability and determination are what count.”

WHAT SHOULD THE COMPANY IN YOUR FUTURE BE?

- An industry leader, professional in every phase of business conduct... with each product ahead of its field.
- Expansion at a rate even faster than the remarkable growth of the electrical industry with a complete line of electrical distribution and control equipment.
- A warm organization with room for personal growth and development. Federal Pacific is all this... and more.

THERE'S A FUTURE FOR YOU IN ENGINEERING—SALES

A Federal Pacific Representative will be at Penn State on April 6. Your placement director can arrange an appointment. Watch for this FPE Interview Date. If you cannot attend, write to: C. A. Schmidt, Director-Student Training Federal Pacific Electric Company 50 Paris Street, Newark 1, New Jersey
