

Round-Clock Sessions Finally Halted by Senate

WASHINGTON (AP) — The Senate finally quit its nonstop talking about civil rights last night and set for tomorrow morning a vote on whether to halt the filibuster by Southerners.

The record-breaking oratorical session that started Feb. 29

Disarmament Progress Made

PARIS (AP) — Western experts were reported to have made some progress yesterday toward a coordinated disarmament plan for presentation to the Soviet bloc next week.

"We expect some important decisions tomorrow," said a source who sat in on the five-power Western talks.

The United States, Britain, France, Canada and Italy are making a final effort here to establish a unified position for the 10-nation, East-West disarmament parley opening in Geneva next Monday. There has been a gap in thinking between France and the others.

The French have insisted on top priority in any disarmament plan for destruction of nuclear weapons stocks and the means to deliver the weapons. Without this, the French contend, there would be no real disarmament.

Fellows Dies

WASHINGTON (AP) — Harold E. Fellows, president and chairman of the board of the National Association of Broadcasters, died yesterday a few hours after he suffered a heart attack at his office.

Fellows, 60, had been busy leading the battle of radio and TV stations to police themselves rather than face new government regulations in the face of the quiz show and payola scandals.

China to Test A-Bomb

NEW DELHI, India (AP) — Communist China plans to join the nuclear club this month by exploding a small atomic bomb with Soviet help, a member of Parliament said yesterday.

Dr. Raghuvira, who claims to have wide contacts in Red China, said the date for the test is March 28.

Cuba Calls Herter Note 'Insulting'

HAVANA (AP) — The Cuban government last night rejected as "insulting" U.S. Secretary of State Christian A. Herter's protests against Prime Minister Fidel Castro's accusations of sabotage.

Foreign Minister Raul Roa handed a note to U.S. Charge d'Affaires Daniel M. Braddock rejecting the U.S. protest and demanding that representatives of the Cuban government be addressed with "absolute respect... without descending to offensive utterances of a personal character."

"We protest against the aggressive tone derogatory to our national dignity of the statements mentioned above," Roa said.

He told Braddock that Cuba looks forward to the announced forthcoming note from the United States "in order to give the proper reply to the government of your excellency."

Braddock, summoned to the Foreign Ministry, spent 20 minutes with Roa.

Roa was asked by newsmen whether he had anything to add to the statement. He replied "that's all. It speaks for itself."

Herter, in unusually blunt language Monday, denounced Castro's charge that American officials were responsible for last Friday's munitions ship explosion in Havana harbor that took more than 50 lives.

He made the remarks, some of the sharpest ever directed at a foreign diplomat, to Cuban Charge d'Affaires Enrique Patterson.

Nixon, Kennedy Favored in N.H.

MANCHESTER, N.H. (AP) — Vice President Richard M. Nixon and Sen. John F. Kennedy (D-Mass.) swept to overwhelming victories yesterday in New Hampshire's first-in-the-nation presidential primary.

They did it on a rising tide of votes which observers predicted, on the basis of early returns, would exceed those cast in the 1956 presidential primary in this state.

Nixon, unopposed on the Republican preference poll ballot, far outdistanced New York Gov. Nelson Rockefeller, who received some write-in votes.

Kennedy trounced his only ballot rival, Chicago manufacturer Paul C. Fisher, in the Democratic popularity contest.

Heavy voting was reported throughout the state and all the signs pointed to an astonishing outpouring of voters for an election without a major contest.

There was a possibility the total might reach—or even surpass—the previous primary record of 136,000 established in 1952.

U.S. Ship Rescues 4 Soviet Soldiers

WASHINGTON (AP) — Four starving and storm-battered Soviet soldiers have been rescued by an American warship from a little landing craft after drifting for seven weeks and a thousand miles across the Pacific.

The carrier Kearsarge, en route to San Francisco from Japan, picked up the four men when a lookout spotted their boat in the dimming light of Sunday evening, the Navy said yesterday.

The boat was about 1000 miles west northwest of Midway Island.
