

Conflict Exam Filing To Begin Monday

Students will be able to file final examination conflicts beginning Monday in the Scheduling Office, basement of Willard. The filing period will close on Friday.

Students with two final examinations at the same time or with more than three exams on the same day should file a request. Students with only three exams on the same day, but without a conflict in hours, may file a conflict request. Such requests will be granted only when a conflict exam has already been scheduled.

For purpose of scheduling, a day is defined as between 8 a.m. and 9 p.m.

Students who expect to receive their degrees at the close of the spring semester, and who have a final examination scheduled later than 7 p.m. June 4, must file a request for a conflict examination.

All final examinations will be given at the times indicated in the spring semester timetable except for the following changes:

Councils Back ICCB Proposal

(Continued from page one) floor at the next council meeting.

In a debate from the floor, stability of the ICCB members as contrasted with the present shift in party membership by SGA assemblymen was the main point in favor of the proposal.

John Bonestell, president of MI council, stepped down from the chair during the debate to propose a compromise plan to the council. This would require that political parties nominate a certain number of candidates for Assembly from each college. Bonestell said that he will attend the SGA Assembly meeting tonight and speak for his council and on his own proposal, should the ICCB issue be brought to the floor.

The Chemistry-Physics Student Council lacked a quorum and discussed the issue informally.

The Home Economics Student Council seemed to favor ICCB's recommendation at their meeting Tuesday but reached no definite conclusion. They felt that the proposal would provide a valuable link between the central government and students in the individual colleges.

Substitute Dance Team To Appear

Jean-Leon Destine and his Haitian Dance Company has been booked by the Artists Series to replace the cancellation made by the Jose Limon Dance Company.

The program will be held at the same time, 8 p.m. March 27 in Recreation Hall.

Officials of the Artists Series were informed this week that the Jose Limon group cancelled all engagements after several of the leading dancers suffered leg and ankle injuries which prevented them from appearing with the group.

Destine's program fuses the two cultural traditions of Haiti, the African and the French.

It ranges from French-Haitian rhythms to primitive voodoo ritual dances. He also offers Afro-West Indian, modern Haitian and ancient slave dances. The repertoire includes fire dances, market dances, carnival and courting scenes. The dance group will use bongo drums to produce calypso-type music.

Destine was awarded the Legion of Honor, the highest honor his country can bestow, in recognition of his achievements in promoting an appreciation of the native folk arts of his country throughout the world.

Local University Women To Hold Coffee Hour

The State College Branch of the American Association of University Women will hold a coffee hour and panel discussion at 7:30 tonight in the Hillel Foundation, 224 Locust Lane.

The discussion will be on "College Women Across the Seas—Their Opportunities and Responsibilities."

LA Council Votes Down Big-Little Sister Program

The Liberal Arts Student Council voted Tuesday to discontinue its Big-Little Sister Program in the fall but to continue to have it in the spring semester.

The reason given for this decision was that interest lags in the fall and many of the girls do not carry through the program. In the spring, however, the council feels that some such program is needed because of the lack of other freshmen programs such as customs.

The council also announced that the next fireside chat will be held at the home of Kelly Yeaton, associate professor of theatre arts.

Preliminary nominations were also opened last night for new officers. The nominations will remain open until the next meeting (March 22) and other candidates may be nominated then.

So far the nominations are as follows: president, Arthur Schneider, junior in arts and letters from Clifton, N.J., and Joan Kemp, junior in arts and letters from Glenridge, N.J.

Vice president, Patricia Dyer, sophomore in arts and letters from Shippensburg, and Herbert Sun

Goldstein, sophomore in arts and letters from Harrisburg.

For corresponding secretary, Barbara Hackman, sophomore in arts and letters from Landisville, and Mary Ruth Martin, sophomore in arts and letters from Lancaster.

For recording secretary, Lani Barlow, junior in arts and letters from Harrisburg.

No one has been nominated for treasurer.

Rev. Preston Williams, acting University chaplain, discussed the "Professor Snarf" contest which will be held from April 3 to April 9. Each college will submit one candidate, the best-liked professor in that college.

In past years, the students have voted by putting money into a container which was connected with a picture of the professor. The money goes to the World University Service which sends it overseas.

Pundt to Talk on Africa

The International Relations Club will meet at 7:30 tonight in the Hetzel Union assembly room.

Dr. Alfred G. Pundt, professor of European history, will be the guest speaker. Pundt will speak on "Europe's Place in Africa's Sun"

**SIX-PASSENGER
CAR OR
STATION SEDAN
...CORVAIR IS BOTH!**

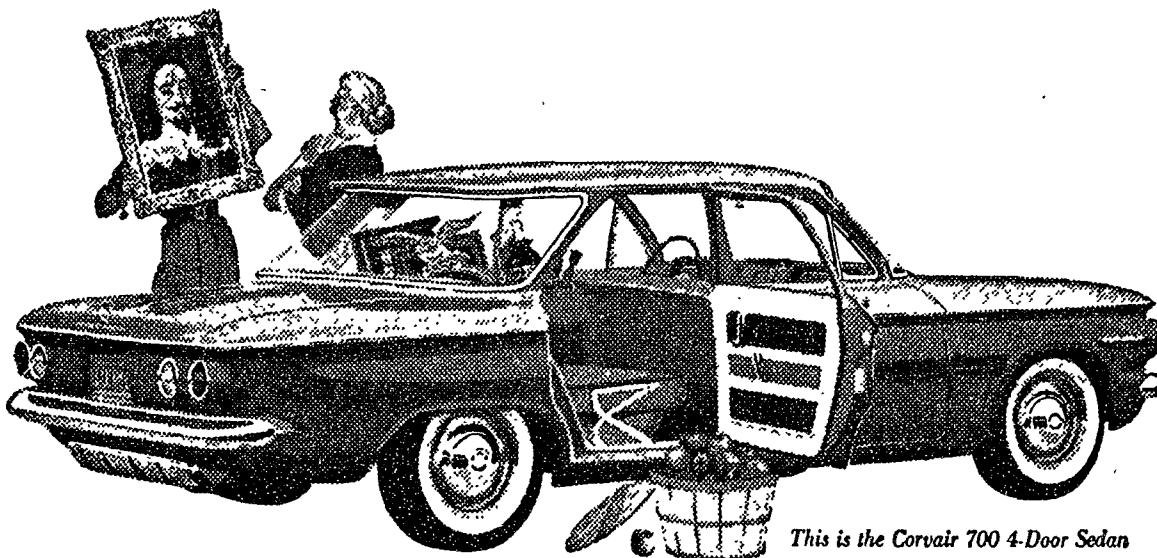

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment ... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk.

Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one ... soon.
