Elms Defends--

(continued from page four) was undoubtedly fun — or to direct — Mr. Katz's Grand Guignol productions last year probably gave him quite a kick as he figured out the most significant way to rip out eyeballs onstage. Froth has been basically frivolous for 50 years (with a bit of "social comment" thrown in now and then on the side), so obviously I have nothing against frivolity per se. But in its 40 years the Players organization has come to stand for something more significant, more worthwhile and at least as entertaining as those productions. Players have presented this year. I'm sorry they couldn't find them.

Even Virgil is with the Winston beat

I Sing Of Arms And Like **FILTER-BLEND**, Man,

For if you dig a modern filter cigarette
It figures that it's what's up front that is the most
Like pure Flavorsville, orbit stuff, and all that jazz;
And only Winsten swings with **FILTER-BLEND** up front,
A real gone combo of golden, rich tobaccos
Selected and processed like for filter smoking;
That's why, dear cats or even squares, it's understood

Winston tastes good like a cigarette should!
