

Library Exhibit Features Order Date Set For Seniors Sinclair Lewis' Activities Out Teaching

By KAY MILLS

Sinclair Lewis' varied activities are currently featured in a display on the second floor of the Fred Lewis Pattee Library. The display marks the 75th anniversary of Lewis' birth.

Much of the exhibit centers around the Nobel Prize for literature which Lewis won in 1930. He was the first American so honored.

A pamphlet with the text of a speech on "Why Sinclair Lewis Won the Nobel Prize" is also displayed. The address was delivered to the Swedish Academy's Nobel Festival by Erik Axel Karlfeldt. The pamphlet also contains a speech given by Lewis to the Swedish Academy.

The newspaper clippings, books, photographs and letters included were collected by the late Fred Lewis Pattee, professor of American literature, and obtained from the Rare Book and Manuscript Collection of the library and from W. L. Weaver.

Articles indicating Lewis' great interest in the theater are displayed. Lewis was an amateur actor and made several appearances. He and Lloyd Lewis wrote a play, "Jayhawker," which is included in the collection.

Lewis visited Rollins College on Jan. 13, 1936. Pattee was present and collected notes and clippings on the mixed reaction to Lewis' visit and speech.

Three other works by Lewis are displayed: a pamphlet, "Cheap and Contented Labor, The Picture of a Southern Mill Town in 1929;" a first edition of "Arrowsmith;" and a copy of "Elmer Gantry."

Accompanying "Arrowsmith" is the obituary notice of Dr. Robert H. Green, a faculty member at the University of Minnesota, who has been called the prototype of Martin Arrowsmith.

Pattee, who collected a majority of the material displayed, served as a teacher and lecturer at the University from 1894 to 1928. He was also a novelist and essayist and wrote the Alma Mater.

Physics Prof to Speak

Dr. Raymond Pepinsky, research professor of physics, will speak on "The Groth Institute" at the monthly meeting of Phi Lambda Upsilon, honorary chemical society, at 7:30 tonight in 214 Boucke.

The items were stolen from the fraternity on March 20 by the students, who apparently returned to Lewisburg following the thefts.

The State College police, after investigating the thefts for several days received some positive identification last week and they sent a patrolman to Lewisburg to apprehend the students.

Three of the Bucknell students were charged with larceny and disorderly conduct and were fined a total of \$69.50 each. The other four were charged with disorderly conduct and three of these received fines of \$23.50 while the fourth was fined \$18.50.

Most of the stolen property was returned to Pi Kappa Alpha.

Senator Blasts Specifications Students Fined For Larceny

HARRISBURG (AP)—Specifications fixed by the General State Authority for a new horticulture building at the University were criticized yesterday by Sen. Z. H. Confair (R-Lycoming).

A J. Caruso, GSA executive director, said the specifications were agreed to by University officials.

Confair contended the specifications for pre-cast concrete beams of six-foot width will cost taxpayers an additional \$7800. He said beams of four-foot width "are completely acceptable."

The Lycoming County Republic also held that the specifications, as now approved, were such that only the Foinugh Co., Williamstown, N.J., could meet them.

Caruso said the narrower beam, suggested by Confair, would mean more windows and the University didn't want them.

Bids on the project were rejected by the GSA recently because they exceeded the \$500,000 allocation. Caruso said the project would be rebid later without a provision for construction of greenhouses in the project.

Pa. Editor to Interview Journ Grads, Juniors

George Draut, editorial page editor of the Harrisburg Patriot News, will interview woman journalism graduates for permanent positions and junior journalism students for summer employment at 3 p.m. Thursday in the office of the School of Journalism, 115 Carnegie.

Froshmore-Duo Discussed By Advisory Board

The Sophomore Class Advisory Board has completed plans for the Froshmore-Duo, the freshman-sophomore class jam session-type dance to be held April 8.

The dance will feature two bands. The Ivy Rocks will play rock and roll and will alternate with Howard Pearlloff's Philadelphians who will play slow music. Frieda Lee, a well-known campus singer, will act as mistress of ceremonies.

Tickets for the dance will be free and available at the Hetzel Union desk to freshmen and sophomores and their dates next Monday. Dress for the dance will be casual.

The advisory board, which met Sunday, voted to send letters to all fraternities, sororities and other campus organizations asking for donations for the purchase of a new Lion suit. Five hundred and thirty dollars are still needed for the suit. The board also discussed plans to present a scholarship award to a sophomore student.

The next meeting of the board will be held at 7 p.m. April 10.

LOBSTER HOUSE
Swordfish Steak baked in butter TAXI RETURN GRATIS

Graduating seniors who will be leaving to go student teaching before Thursday must order their caps and gowns from the Athletic Store before leaving campus. At the same time, they may order their invitations and announcements at the Hetzel Union desk. All other students will order their caps and gowns on the regular dates.

Students in the College of Engineering and Architecture will place their orders today and tomorrow. Those in the College of the Liberal Arts and the College of Mineral Industries may order on Thursday through Saturday.

Students of the College of Education and Physical Education and Athletics will place orders April 4 to 6. Orders for those in the Colleges of Business Administration and Home Economics will be placed April 7 to 9.

Those in the Colleges of Agriculture and Chemistry and Physics may place orders April 11 to 13.

A \$5 deposit is required on caps and gowns for seniors. Graduate students must pay a \$10 deposit.

German Prof to Speak Today to Science Group

Dr. Herwig Schopper, professor and director of the Institute for Nuclear Physics at Johannes Gutenberg University, Mainz, Germany, will speak on "The Fundamental Interactions in Physics" to the members of the 1959-60 Academic Year Science Institute at 4:15 p.m. today in 100 Weaver.
