

AF Jet Explodes Over Little Rock

LITTLE ROCK, Ark. (AP)—A six-engine jet Air Force bomber exploded above Little Rock yesterday killing five persons.

Horrified eyewitnesses saw the B47 crumble in the sky. Chunks of debris hurtled into residential areas two miles apart, setting eight houses afire.

Force Cuts Down S. African Rioting

JOHANNESBURG, South Africa (AP)—Soldiers, police and tough security measures yesterday reduced Negro demonstrations to widespread waves of frustrated protest.

State-red violence continued as both sides hardened their positions and refused to yield. Several thousand Negroes collected in a settlement near Durban but dispersed after police bottled them up.

Three thousand white soldiers and sailors sealed off the Negro settlements of Langa and Nyanga near Cape Town. A hundred police reinforcements were flown in.

Negroes were forbidden to enter or leave, lest they repeat Wednesday's march of 30,000 people demanding the release of their arrested leaders in Cape Town.

The government gave no sign of negotiating with moderate Negro leaders, as its political opposition has urged. Instead, it continued the arrests and accused Negro leaders of organizing "massive revolt."

The UN Security Council was asked late yesterday by Ecuador to approve a resolution taking South Africa to task for the mass shootings of Negroes.

Three airmen were killed. Two civilians perished in their homes. One member of the plane crew parachuted safely, landing in a tree near a junior high school in fashionable Pulaski Heights.

Five persons were treated at a hospital for minor injuries and were released.

Last night, Air Force officials and the FBI teamed up in an effort to determine what caused the explosion. The Air Force asked civilians to cooperate by turning in any debris found.

The bomber blew up only 10 minutes after it took off from Little Rock Air Force Base at 5:56 a.m. on a routine training flight. Officials at the base, a Strategic Air Command installation, said the multi-engine plane had no nuclear weapons aboard.

Part of the bomber crashed in a modest neighborhood a quarter of a mile southwest of the state Capitol building, tearing a crater 25 feet wide and 8 feet deep into a corner lot.

Seven houses there were destroyed by fire caused by a flaming shower of debris. Jimmy Hollobaugh, 27, burned to death. Other occupants escaped, some in their night clothes.

Insurance Bill Rejected 17-8

WASHINGTON (AP) — As expected, a key House committee yesterday rejected a Democratic-sponsored proposal of federal health insurance for Social Security pensioners.

The 17-8 vote by the House Ways and Means Committee sharply reduced chances for any government-paid health insurance for the aged in this election year.

On this politically significant issue, the committee's 10 Republicans were reported to have joined seven Southern and Border state Democrats in refusing to write the plan into a bill making a number of changes in the Social Security system.

Voting for the proposal were Rep. Aime J. Forand (D-RI) its author, and seven other Democrats.

Forand told newsmen he will try to force a House vote on his proposal.

Disarm Plans Must Be Obeyed By China-Soviet Tells West

GENEVA (AP) — Soviet Deputy Foreign Minister Valerian Zorin informed the Western powers yesterday that the Kremlin will insist on Communist China toeing the line in any world disarmament agreement.

Zorin made this point at the 10-nation disarmament conference, in which the Red Chinese are not represented. Although he avoided mentioning Mao Tse-tung's regime by name, his reference was understood clearly by the Western delegations.

Any concrete measures for reducing manpower and armament levels, he said, will have to include nations taking part in the disarmament talks and certain other states as well.

"Then," he added, "we will have a real reduction."

The Eastern and Western delegations are tacitly agreed on the need to bring in Red China, which could draft more men of military
