

Brandt Statement--

(Continued from page two) the student body consider more than party positions on 'motherhood and the American flag.' Brandt was referring to a portion of Haber's statement in which Haber said, "Sure we're for motherhood, the American flag, the home, etc., but do these high-sounding generalities really answer the student wants?" Brandt concluded, "Look at our platforms. Consider the statements of our candidates. We hope it is now clear who believes that student views are worth fighting for."

La GALLERIA

**NEW CURE FOR
MALARIA PROVED
UNRELIABLE!**

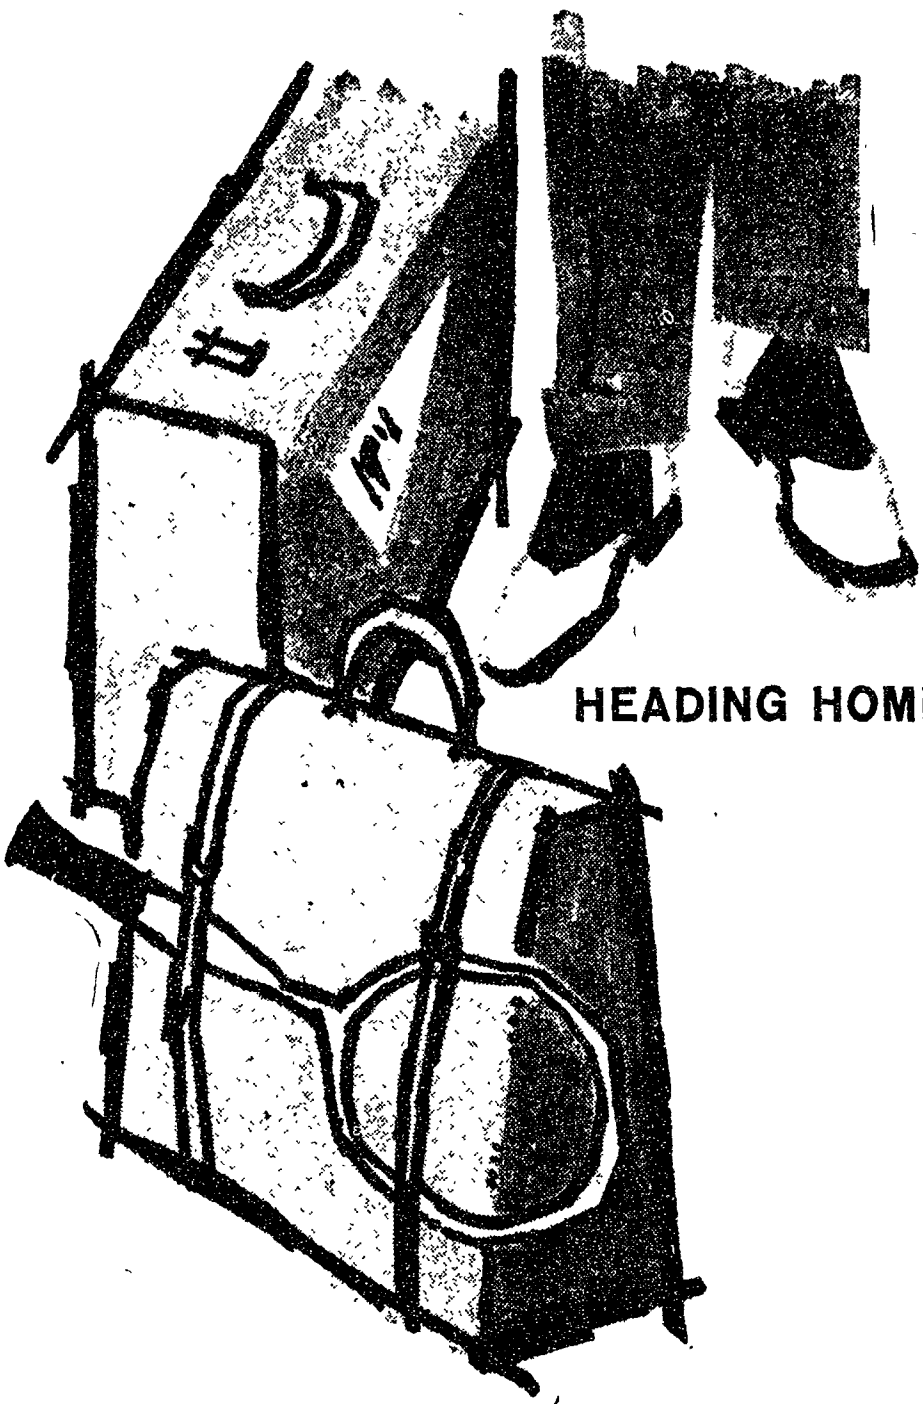

The theory that certain types of steak dinners will cure malaria has been proven fallacious. A steak dinner selling for \$1.19 with french fried potatoes, tossed salad, garlic bread and a beverage presented by the LaGalleria Restaurant does not cure malaria as was represented. Those who come to LaGalleria on the faith of this misrepresentation will go home sorely disappointed. Of course it has not yet been disproven that the steak dinner has no effect on beriberi; so, why not come down to LaGalleria and give it a test.
