

De Gaulle Calls for End To Nuclear Arms Race

LONDON (AP) — French President Charles de Gaulle won the crowning ovation of his triumphant visit to Britain yesterday with a call for an end to the nuclear arms race.

France, he said, desires above all that nuclear weapons be destroyed and the "vehicles of death" that carry them be

Soviets Wish To Revamp Conference

GENEVA (AP) — The Soviet Union proposed yesterday to wipe the slate clean and take the 10-nation disarmament conference back to its starting point.

Soviet Deputy Foreign Minister Valerian A. Zorin claimed such a procedure offered the only escape from the dead-end street in which the conference finds itself after almost four weeks of work.

He called on delegates to abandon their cross-purposes debate on the rival Soviet and Western disarmament plans and negotiate instead on the basis of the U.N. Assembly resolution of last Nov. 20.

That resolution, which referred the two plans to this conference, was unanimously approved in the United Nations. But there is one obvious snag in using it as a negotiating platform. The North Atlantic bloc countries disagree on the document's meaning.

One Western source put it this way: "As long as that disagreement exists Zorin's proposal would appear to have little purpose. It is like shifting a prize fight from one arena to another with the same two boxers matched against each other."

Cancer Linked With Smoking

PITTSBURGH (AP) — Cigarette smoking can be definitely linked with lung cancer, an internal medicine and therapeutics specialist testified yesterday in federal court.

"Heavy smoking of cigarettes was the one thing in common I found in all the epidermoid lung cancer cases with which I was affiliated," stated Dr. William F. Kremer, medical director of the Denver Chemical Corp., Hinsdale, N.Y.

Dr. Kremer was a key witness in a cabinetmaker's civil damage suit against the Liggett & Myers Tobacco Co.

Otto Pritchard, 61, of Pittsburgh, filed the suit claiming he contracted lung cancer by smoking the firm's brand of Chesterfield cigarettes for 23 years.

Senators Rip A's, 10-5

ORLANDO, Fla. (AP) — Don Mincher, just acquired from the Chicago White Sox, hit two home runs and Bob Allison hit another yesterday to lead the Washington Senators to a 10-5 exhibition baseball victory over the Kansas City A's.

KOOL ANSWER

African Riots Cleaned Up By Police, Soldiers

JOHANNESBURG, South Africa (AP) — Huge military, police and civilian reserve forces mobilized by the South African government appeared last night to have stifled the no-work campaign of thousands of rebellious Africans.

Only in the sealed-off African township of Nyanga, near Cape Town, was the situation uncertain and police said they had arrested most of the "agitators, terrorists and gangsters" there without resistance.

From Cape Town, Durban and Port Elizabeth came reports that the situation was practically normal or more nearly so than at any time on the past 10 days.

In Johannesburg there was no incident to disturb the calm. Workers streamed in and out of the city without trouble.

With all the principal African leaders in jail and police rounding up lower echelons, it seemed that the longest demonstration in recent years against the government's apartheid — segregation — policy may be ended.

But the government continued to call up its forces. The Witwatersrand Rifles infantry regiment has just been mobilized and stationed at the airport near Germiston, east of Johannesburg, presumably for movement wherever needed.

Last night, the South African Broadcasting Corp. interrupted a play to read out a long list of names of reservists who were ordered to report for duty immediately.

Senate Defeats--

(Continued from page one) dropped for grades could not be notified until after registration and the organization of student activities would be delayed.

The next two plans were defeated in a straw vote; however, the plan to eliminate Thanksgiving vacation was passed but only about two-thirds of the senators voted.

Whisler said he was in favor of this plan because the Thanksgiving vacation, being only three days long, was the "core" of the whole problem.

placed under surveillance, and she believes that East and West can live in peace together.

De Gaulle's speech combined history with oratory perhaps unmatched since Winston Churchill roused the free world to action 20 years ago. Churchill, 85, was there to honor his wartime ally.

De Gaulle's theme was that Britain and France have a common destiny to work for peace. It brought him to this statement of French aims:

"France believes that this peace can be attained only if the general fear of sudden annihilation is first removed.

"This involves the limitation and control of armaments by both camps.

"France wishes above all that stocks of nuclear weapons be destroyed, that installations where they are made be used for other purposes, that rockets and aircraft capable of carrying them, as well as the fixed or floating bases from which these vehicles of death can be launched, be placed under surveillance."

He foresaw a lessening of enmity between the rival blocs of West and East. France, he said, hopes it will be achieved "in a peaceful atmosphere, through evolution conditioned on the one hand by the aspiration of human nature for liberty, and on the other by the pursuit of progress which demands efficiency."

French Farmers Riot Against Price Policies

SENS, France (AP) — Ten thousand angry farmers battled riot police last night after a mass demonstration against government price-fixing farm policies.

The rally at Sens was one of 18 farm meetings throughout France with a representation of about 200,000 farmers. The farmers claim the price ceilings, aimed at keeping down the rising cost of living for city workers, are eating away farm profits and driving many farmers toward bankruptcy.

Yanks Down Tigers, 2-1

ST. PETERSBURG, Fla. (AP) — After allowing one hit in six innings, right-hander Bob Turley blew up in the seventh yesterday and Ryne Duren had to salvage the New York Yankees' 2-1 exhibition victory over the Detroit Tigers.

Number of Births in Pa. Exceeds Death Rate

HARRISBURG (AP) — Pennsylvania births exceeded deaths by 128,000 in 1959, the State Health Department estimated yesterday.

In a preliminary report on vital statistics for the year, the department estimated 247,

000 births and 119,000 deaths. Heart diseases accounted for largest number of deaths by far, 50,600. The second leading cause was cancer, with 19,500 deaths.
