By KAY MILLS

The return bus will leave Whipple's at 5 p.m. Another run will be made at 6 p.m. to return at 9 p.m. The fare will be 30 cents. The necessary ticket may be purchased at the HUB desk.

# Frosh Board Favors Holiday

In a close vote last night the Freshman Class Advisory Board favored a University Senate proposal to start the fall semester five days earlier, lengthen the spring semester a day or two and include the free day before examinations in the fall instead of eliminating the Thanksgiving vacation.

The discussion centered around this proposal and another which would eliminate the free day before examinations.

Some members felt that starting sooner in the fall would make orientation week and registration too early. Others thought that the day before examinations was important for studying and should not be eliminated.

In other business the class project chairman Philip Weiss, an arts and letters major from Drexel Hill, proposed a transportation center for the HUB basement as the freshman class project. This proposal was accepted by the group.

# Percival Presents Possum Problem: Pet Predicament

By BEV CADES

Last night, Percival the 'possum accomplished the impossible—he quietly invaded the girl-filled halls of Thompson Hall.

Among shrieks of, 'It's a bird! It's a plane! No, it's a 'possum!' Percival huddled against a wall and brazenly glared at his pajama-clad, coed observers.

Shouts of "There's a 'possum in the dorm," created a mild disturbance as several girls ran to see their male visitor.

"Don't yell at him, he's scared," said one SPCA agent, as Percival smiled and showed his sharp teeth. He looked covetously at the bananas printed on the pajamas of one of the girls before she decided to hurriedly retreat to her room.

"Campus police to the rescue," resounded through the hall as the girls bid a quick adieu to Percival and fled to their rooms. The policeman gingerly approached Percival, lightly tapped him over the head three times, and carried him unprotestingly from the dorm.

Moral of the story: It does not pay to play 'possum!

# WHAT IS THE TRANSLATION OF "THE GALLERIA?"

Answer: Contrary to the idea that most people have, it is not a Spanish nor Italian word. It is in actuality an idiom used by the Australian aborigines meaning Oedipus Complex.
