Collegium Musicum Singers Will Present Vocal Concert

The Penn State Singers, directed by Raymond H. Brown, assistant professor in music, will present a concert at 8 tonight in the Hetzel Union Building assembly room.

The organization is known as a Collegium Musicum. Organizations of this type were first started as a fraternity of musicians in Germany at the time of Bach. Since then they have been organized in most of the universities in America and Germany.

The program tonight will begin with an Elizabethan madrigal, "Sound the Trumpet" by Henry Purcell. This tenor duet will be presented by David Juers and Samuel Gordon.

Next on the program will be early church music by Palestrina and Byrd. This will be followed

by a cantata duet for two sopranos written by Johann Krieger. The sopranos are Kay Esslinger and Sandra Sliker.

The tenor David Juers will then sing a cantata solo by Heinrich Schuetz. A funeral cantata by Bach which was originally written for voice and obsolete brass instruments has been transcribed for modern instruments by Eliot Block, graduate assistant in music education and will be next on the program.

An alleluia by Bach from Motet No. 6 under the direction of Block will conclude the program.
