"MOTHER" GOOSE returned to campus yesterday after taking a few days off to avoid having her vacation days decreased by the University Senate. After last night's float parade, she decided to go to the library to do work on her semester term paper. She was met on the steps by Darline Brickell, left, Dan Sheer and Karyl du Chacek.

Science Fair Tours To Be Held Today

Open House programs are being held today by the Colleges of Agriculture, Chemistry and Physics and Home Economics in connection with the seventh annual Pennsylvania State Science Fair.

Tours for students, parents and friends will leave between 8 and 12 this morning from the lobby of Whitmore, headquarters for the Science Fair.

More than 400 junior and senior high school students from 28 counties in the state are at the University entering in the competition. Twenty faculty members and representatives from local industries are serving as judges.

Charles Hosler, chairman of judges and awards, said that the judging began last night and will be completed this morning. Awards will be presented at a program at 1:15 p.m. today in Schwab. Entries are on exhibition to the public from 2 to 5 p.m. in Whitmore.

Prizes for the fair, which total more than \$1500, include a \$500 scholarship provided by thesylvania Electric Products, Inc.

The Mineral Industries museum will also be open today to visitors.

Fred Tracy, assistant professor of physics, is conducting two physics demonstrations, one at 10 a.m. and one at 11 a.m. in 117

Osmond. Dr. Mary L. Willard, professor of chemistry, is speaking in 119 Osmond on "Chemical Crime Detection."

The exhibits of the College of Agriculture are in Frear and Buckhout. Tours for the animal science, plant science and agricultural biochemistry exhibits will leave from Whitmore at 9, 10 and 11 o'clock.

The College of Chemistry and Physics is also sponsoring tours of Osmond, Walker and Whitmore Laboratories to interested prospective science students in the facilities available here at the University.

Psych Graduate Attends Personnel Convention

Mrs. Bolyn R. Imperial, graduate student in psychology from State College was chosen by the Asia Foundation as a foreign visitor to attend the Convention of the American Personnel and Guidance Association in Philadelphia.

SGA Votes To Change Constitution

A change in the SGA constitution, introduced Thursday night, would make it possible for the Assembly to meet even if members were absent because of student teaching or academic probation.

The proposal received majority approval Thursday as a first step to its being adopted.

It must receive majority approval at a second reading and a two-thirds approval at a third reading before the change can go into effect.

The constitution as its stands now reads: Three-fourths of constitutional membership of Assembly constitute a quorum.

Judith Moore (U.-Sr.) who proposed the change, asked that "constitutional" be replaced by "eligible." Eligible Assemblymen would be those on campus who would have the necessary 2.4 average.

This change would make it possible for the Assembly to meet regardless of the number of Assemblymen who are not "eligible."

The proposal will get a second reading at the next Assembly meeting.

In other business, seven Assemblymen were nominated for the Rules Committee. Since the committee has only seven members, the nominations were accepted without a vote.

Members of the committee are: Spencer McGraw (U.-Jr.), Robert Harrison (U.-Jr.), Barbara Isaacson (U.-Fr.), Joan Cavanagh (U.-Soph.), John Witmer (U.-Jr.), Barbara Hackman (C.-Soph.), and Richard Pigossi (C.-Soph.)

The committee elected Harrison as its chairman.

Edgar Grubb (U.-Sr.) was elected president pro tempore of the Assembly. He defeated James Kridel (C.-Soph.)

Approved Activities

All fraternities are approved tonight except for Alpha Phi Alpha, Omega Psi Phi, and Pi Sigma Upsilon.

Other activities approved for tonight are the Quarter Deck Society Stripper's Ball, the P. S. Bible Fellowship Retreat, which will continue through Sunday, the Nittany 26 hayride, and the Interlandia Folk Dance Festival at Waring lounge.

All fraternities are approved tomorrow night except for Alpha Phi Alpha and Omega Psi Phi. Pi Lambda Phi will not have any social functions this weekend.

WANNA SEE THE BASEBALL RACE? THEN GET THAT WINTER HAIR OUTTA YOUR FACE

The Friendliest Clip Joint in Town

The University Ballet, under the direction of David Raheer, graduate student in theater arts from New York, N.Y., will present a program at 8 p.m. Monday and Tuesday in the Little Theater in the basement of Old Main.

The program will consist of four numbers which are "Suite" by Bach, "The Rehearsal" by Shostakovich, "España" by De Falla and "Where Am I Going," also by Shostakovich.

Joannah Purnell, freshman in arts and letters from Mifflensburg, will have solo numbers in both "Suite" and "Rehearsal." "Suite" is a ballet in three movements which represents different moods which reflect the behavior of people in love relationships.

Thomas Seward, freshman in architecture from Philadelphia, will also dance a solo number in the "Suite" which is a combination of ballet and gymnastics.

"Rehearsal" is a parody for three dancers in which a ballerina of the old school comes to a rehearsal where she is quite humiliated by the way in which her two male partners treat her. Richard Mazza and Jack Place have the roles of her partners.

Rosalie Samley, junior in arts and letters from Bethlehem, will dance a solo number in "España," which is a ballet inspired by a Spanish poem, "El Amor Bruja."

"Where Am I Going" is a ballet concerning liberal art students which is designed to give the impression that these students don't know where they are going and don't exactly know what they are going to do.

Others who will be dancing in the program are Philip Rice, June Savanick and Dauna Doebler. The costumes have been done by Vincent Scasselatti, and the technical direction is being done by David McGurr.

The most beautiful new look in diamonds

Evening Star

ENGAGEMENT RINGS

You have to see it to believe it! Looks like a diamond star floating on her finger. And it makes any diamond look bigger, brighter, more beautiful. Don't even think of any other engagement ring until you see the dazzling "Evening Star" collection of your Artcarved jeweler's.

And, for real proof of value, ask your jeweler about Artcarved's famous nationwide Permanent Value Plan. It gives you the right to apply your ring's full current retail price, should you ever desire to, toward a larger Artcarved diamond—any time—at any of the thousands of Artcarved jewelers throughout the country.

IMPORTANT: Every genuine "Evening Star" diamond is guaranteed in writing, for color...cut...clarity...and carat weight and only Artcarved stamps the exact diamond weight in the ring. It's a genuine "Evening Star" only when the name is stamped in the ring.

Beloved by brides for more than one hundred years (1850-1960)
