

Men's Orientation To Center in Dorms

The 1960 Men's Orientation Program will be centered in the residence halls with three student counselors assigned to a unit, James Ettelson, student chairman of the program, said.

In the past, counseling meetings have been held in classrooms.

Freshmen and transfer students will be grouped together because the committee feels that the information applies to all new students.

Alumni Fund Establishes Loan Plan

An emergency loan fund, designed to help graduate students meet last minute expenses of graduation, has been set up as a special project within the Alumni Fund.

The fund has accumulated \$2000 from contributions of Graduate School alumni who have received their bachelor's degrees at other colleges or universities.

Loans will be made on a short-term basis. "The red-tape of loaning money has been cut out to permit funds to be administered quickly," Robert Beam, director of the Alumni Fund, said.

The fund will be administered by Harold K Schilling, dean of the Graduate School. A graduate student may apply for loans through his advisor, who will make a recommendation on the request to Schilling.

Graduate students often find unexpected expenses such as unusual thesis typing costs, job interview travel and cap and gown rental which are difficult to meet when they arise near graduation, Beam said.

Loans will be limited to \$200 and there will be no interest charge if they are paid promptly, he said.

Senior Advisory Board

Applications for Senior Class Advisory Board will be available today through Saturday at the Helzel Union desk. The applications are also to be returned to the HUB desk.

Board Favors Christmas Cut

The Sophomore Class Advisory Board repeated the decision of SGA and recommended that the Christmas vacation be shortened two days at their meeting Sunday night.

Twenty-two members voted for the two-day removal from the Christmas vacation and 16 members were in favor of the removal of the free day before final examinations.

In other business, the Lion suit committee reported that there has been \$750 collected for the new suit. Since \$1300 is needed before the lion suit can be ordered, the board suggested that any campus organization which plans to contribute to the fund should send its money as soon as possible.

The board also announced that applications for the Sophomore Class Advisory Board Scholarship will be available until the end of the semester.

Sigma Alpha Eta Admits Three New Members

Three new members were initiated into Sigma Alpha Eta, speech and hearing honorary society. They are Sally Fowler, Sally Leight, and Laura Spielvogel.

Newly elected officers are Margaret Welch, president; Sally Fowler, vice president; Marilee Grabbit, treasurer; Sally Leight, recording secretary, Helen Davis, corresponding secretary and Laura Spielvogel, member-at-large.

Ettelson said the residence hall counselors will continue in their present function of explaining dormitory government and regulations.

The student counselors will explain the academic, social and extracurricular activities at the University. Each will be assigned an average of 20 men.

Instead of merely pointing out the mechanics of campus activities, Ettelson said, they will discuss the "why's and wherefore's of participation."

The new program is based on the one employed in the past by the women's orientation committee.

A two-session training program will acquaint the counselors with the changes and new policies for orientation.

Invited to apply for counseling positions have been hatmen, men on the fall semester dean's list, fraternity men with a 2.5 average or better and men selected by the residence hall counselors.

Members of the men's orientation committee and their respective areas of responsibility are: Ettelson, chairman; Jack Crosby, Pollock Halls; Steve Brown, Nittany Halls; Art Schneider, West Hall; and Edgar Grubb, North Halls.
