U.S. Sub Goes Around World

Air Base Allies May Get Aid If-

WASHINGTON (AP)—The big gray hull of a submarine, scum-streaked from 83 days submergence, surfaced off the Delaware coast at dawn yesterday. The USS Triton was back from an epochal around-the-world voyage beneath all the earth's great oceans.

The Triton, a huge 7750-ton sub powered with twin atomic engines, had done in less than three months what a sailing ship of Ferdinand Magellan's fleet had done in a 3-year cruise more than 420 years ago.

Aboard the Triton on her 41,519-mile voyage—30,708 of it representing the circumnavigation route—were 183 men, including half a dozen scientists and technicians.

It was another proud day for the Navy, for Capt. Edward L. Beach of the Triton—and for President Eisenhower.

The President welcomed Beach at the White House, where he was brought by helicopter from his ship.

Eisenhower pinned the Legion of Merit decoration on the crew-cut, square-jawed captain and told him "maybe your White House service didn't hurt."

Kennedy Leads W.Va. Primaries

CHARLESTON, W. Va. (AP)—Sen. John F. Kennedy (D.-Mass.) took off in the lead last night in the first trickle of returns from the critical West Virginia Democratic presidential primary.

From the northeastern panhandle part of the state, a rural area where Sen. Hubert H. Humphrey (D.-Minn.) was credited with being strongest, Kennedy nosed ahead on the basis of incomplete counts from two precincts and the final unofficial total from two others.

The count from this fragmentary section of the state's 2750 precincts showed:

Kennedy 287, Humphrey 213.

WASHINGTON (AP)—The United States pledged yesterday to go to the aid of its allies which might be attacked by the Soviet Union for allowing American spy planes to use its bases.

The State Department also accused Soviet Premier Nikita Khrushchev of waging a campaign of threats and intimidation against small countries innocent of any wrongdoing.

The State Department fired this double-barreled reply to Khrushchev's threat to aim Soviet rockets against any foreign bases which serve as takeoff or landing points for intelligence flights into the Soviet Union.

"There should be no doubt that the United States will honor these defense treaty commitments," the State Department said.

There has been no substantial indication that Eisenhower will not go through with his plans for his Soviet trip, although last week he dropped a remark that he would take Khrushchev a boat of a new type "if I go."

15 French Die in Morocco

ALGIERS (AP)—Fifteen French soldiers were killed and 30 wounded in a 2-day battle with Algerian rebels near the Moroccan frontier, the French announced Monday. They listed rebel losses as 108 men killed and 42 captured.
