

Assembly Will Consider Housing Discrimination

A bill which would permit SGA Assembly to go on record as being opposed to all forms of racial discrimination, especially in the area of housing, will be considered at a meeting at 7.30 tonight in 203 Hetzel Union building.

The bill, presented by Jacob Dentu, senior in electrical engineering, suggests that rooming houses be registered in the dean of men's office and that any preference of roomers be included in the listing.

The proposed bill also recommends that the borough take action to find means of alleviating the problem of discrimination in the community with priority to be given to the housing problem.

The bill was to have been presented to Assembly last week but was removed from the agenda when Dentu was unable to attend the meeting.

Assembly will also hear committee reports from the Cultural Committee and on Spring Week and Encampment.

Spring Week Chairman Walter Caplan will give an estimate of the costs and profits of the week. He will also present recommendations from chairmen of Spring

Week events. Robert Umstead, encampment chairman, will report the names of those chosen to attend encampment. Alternates as well as regular delegates have been chosen. SGA president Richard Haber said last night. Faculty members have not yet been chosen.

Siegel to Give Address

Dr. Sidney Siegel, professor of psychology, has been invited to address a meeting of the New York Academy of Sciences today to present his research on choice and strategy behavior.

His address will be one of the features of a conference on Human Decisions in Complex Systems.

BA Council to Give Scholarship in Fall

The Business Administration Council voted last night to award a \$100 scholarship next fall.

Francis Manley, chairman of the committee formed to discuss criteria for the scholarship, will present his committee's report in the fall to the council for approval.

Another committee, chaired by Thomas Kulp, was appointed to evaluate the courses in business administration for seniors.

Math Prof Authors Text

Dr. Sidney F. Mack, assistant professor of mathematics, is the author of a textbook, titled "Elementary Statistics," which was published by Henry Holt and Co. in March.
