

Stone Valley Rec Area Not Ready This Summer

The Stone Valley Recreation Area originally scheduled for completion this year, will not be available for use this summer.

The dam constructed across Shaver Creek near the Civil Engineering Camp, has been completed but hazards must still be removed and beaches and other facilities built, says Dr. Peter W. Fletcher, director of the School of Forestry. Fletcher heads a committee working on plans for the use of the recreation area.

Lawrence J. Perez, professor of civil engineering, who directed the design and construction of the dam, said that work is progressing with the clearing of logs, brush and other debris from the lake area as they float to the surface and are washed ashore. This debris would be a serious hazard to the users of the lake which is formed by a 42-ft. dam that spans 600 feet.

With a shoreline of nearly two miles, the lake formed by the dam covers 72 acres, providing an area about three and one-half times the area of the lake at nearby Whipple Dam State Park.

The construction of the impounded earth dam was made possible largely by gifts through the Alumni Fund. Funds from alumni and other private sources are now being sought to develop facilities.

It is planned to construct picnic areas and sandy beaches along designated areas of the shore, as funds become available.

There will be facilities for canoes, rowboats, and sailboats, as the project develops.

Plans for the stocking of fish and the establishment of a wildlife area with the possibility of controlled hunting are also under consideration.

Two main roads to the area are planned, one to serve each side of the lake. One will be the road that has been used as the entrance to the civil engineering camp. The other will enter the area at Charter Oak and cross a bridge to be constructed by the University upstream from the lake.

Control points will be established at each of the two entrances where fees will be collected from persons utilizing the facilities. These admission charges, as yet undetermined, will be used for maintenance of the recreational area and facilities.

The committee plans to appoint a resident director for the area who will be responsible for the enforcement of regulations pertaining to hours the area will be open, use of equipment, safety measures, etc.

CLASSIFIEDS

FOR SALE

FOR SALE 1959 Sprite, White, 27,000 miles, \$499 and take over payments. Call Jan UN 6-6229.

1953 5'x8" Alma Trailer on large lot with shade trees. Two bedrooms, one easily converted into study. Very Reasonable. Call AD 7-2944 after 1 p.m.

WANTED

TYPING WANTED! Quick accurate work. Call AD 8-0228.

POSITION AVAILABLE in small U.S. owned hotel chain for graduate Hotel Adm. student. \$200 monthly (tax free), room and board, transportation, two year contract. Write V. H. Jacobson, Grand Hotel, Managua, Nicaragua.

MISCELLANEOUS

GIRLS' ENGLISH BICYCLES urgently needed. Need not be in good condition. Phone Katie Johnson UN 6-4618 after 8:30 p.m.

Irish Farce Scheduled For Mateer

The Mateer Playhouse at Standing Stone will offer J. M. Synge's Irish comedy, "The Playboy of the Western World," beginning Monday and running for one week.

A satire, the show has been considered one of the finest folk comedies to come out of Ireland. It deals with a young buck who becomes a hero, a playboy, a villain and a man—all within 24 hours.

Featured in the production, to be directed by Max Fischer, will be Frank Browning as the young man, Patricia Thompson as an untamed Irish lass, Ann Driscoll as an eager widow and Ronald Bishop as Browning's father.

Performances of William Shakespeare's "Twelfth Night" will be presented tonight and tomorrow, closing out a two week run.

Also closing out a two week run at the Boal Barn Playhouse in Boalsburg is the Noel Coward comedy, "Private Lives." The English comedy features Jon Barry Wilder and Marion Glass.

Beginning Thursday the attraction at the Boal Barn will be Arthur Miller's "All My Sins."

French Visitors--

(Continued from page one) Weil, chief translator for the group. "Youth in France are not concerned with political things," he said. "Here you talk about it at every meal."

Brigitte Bardot was classified only as a very interesting "export product."

"The French make more money exporting Brigitte Bardot than they do exporting Renault-Dauphines," said Anil Barday.

Art Ed Grads Hold Meeting In HUB Today

The annual summer conference of the Penn State Graduate Club in art education will be held at the University today and tomorrow.

Dr. Frank Barron, a research psychologist in the Institute of Personality Assessment and Research at the University of California, will present the keynote address at 3:15 p.m. today in the HUB assembly room. His topic will be "Creative Vision."

Registration will take place from 12 to 5 p.m. today at the HUB.

Dr. Edward Mattil, associate professor of art education, will show some fine films this evening at 7:30 p.m. in the HUB assembly room.

Tomorrow morning the opening address will be given by J. R. Rackley, dean of the College of Education, at 9 a.m. on "Recent Developments in the College of Education." A panel discussion on "The Future of Research in Art Education" will be featured. Three different group meetings will follow with individual research reports to be given. A business meeting will be held in the afternoon followed by a picnic.

LA College to Add Broadcasting Major

An undergraduate major in broadcasting, designed for students who wish professional training for careers in radio and television, will be added to the curricula of the Liberal Arts college this fall.

Students enrolling in this major will be candidates in the bachelor of arts degree program.

The School of Journalism, department of speech, and department of theatre arts; and the Division of Academic Research and Services are cooperating in offering the new major.

Other academic units of the University, including the College of Education, were consulted in developing the program.

Marlowe D. Froke, assistant professor of journalism, has been named chairman of a special University Committee on Broadcasting that will administer the major.

In planning the major, Froke said, a thorough study of broadcasting curriculums in other universities and colleges was made and numerous broadcasters were consulted.

"As a result," he says, "we believe that we have developed a uniquely appropriate approach to broadcast education."

The approach was guided by

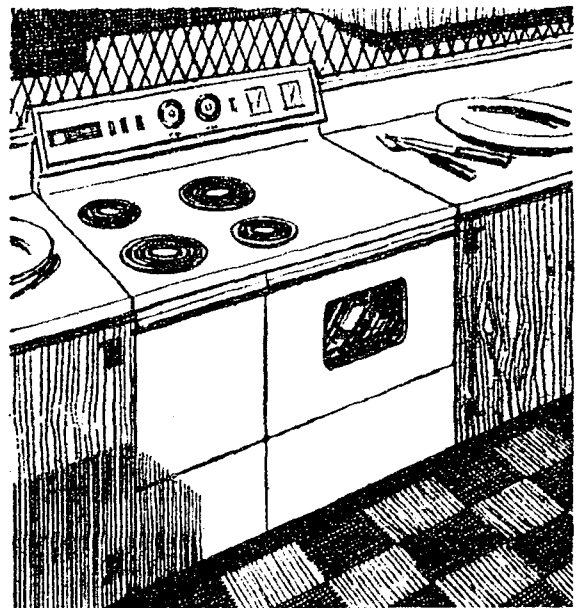

the following principles:

- Founded in a broad, liberal education.
 - Includes understanding of all mass media, and a particular understanding of broadcasting.
 - Responsibility inherent in the operation of a media of communications.
 - An opportunity to specialize in training for a particular broadcasting career in addition to training in all phases of broadcasting.
- Students who enroll in the major will be required to fulfill the requirements for graduation from the College of Liberal Arts in addition to 32 to 36 hours of professional courses in communications and broadcasting.
- The professional requirements include 16 semester hours of "core" courses. Other professional courses will be elected by the student in his area of specialization to fulfill the requirements of the major.

Electricity gives you a vacation all summer!

A room air conditioner lets you sleep cool as a mountain stream—even under a light blanket!

You're really on vacation when you cook electrically! With an automatic electric range you set the controls and forget the cooking.

Isn't electricity your biggest summer bargain?

ELECTRICITY... high value at low cost
