

# Jordan Premier Assassinated

## Liberal Education Urged By McGrath

An adoption by all schools of journalism of the 25 per cent professional, 75 per cent non-professional curriculum requirements recommended by the American Council on Education for Journalism, was urged by the keynote speaker at the Association for Education in Journalism convention in the Hetzel Union Assembly Room last night.

## Castro To Carry Fight Against U.S. To United Nations

HAVANA (AP)—Undaunted by a thundering defeat at San Jose, Prime Minister Fidel Castro prepared yesterday to carry his fight against the United States to the United Nations and to the peoples of Latin America.

This pattern emerged as Foreign Minister Raul Roa made ready to return home after walking out of the Organization of American States conference in Costa Rica which condemned growing Soviet and Red Chinese influences in the Western Hemisphere.

No tears were shed by Cuban officialdom over the failure of Roa's delegation to win support for its charge that the United States is committing aggression against Cuba.

Versions of the San Jose meetings distributed here suggest that the conference was a major victory for Cuba.

That is the theme on which Castro and his followers are expected to base future actions in attempting to make the Castro revolution the pattern for all Latin America.

The semi-official newspaper Revolution termed the OAS "that farce of Pan-Americanism manufactured in the United States."

### Lion's Den to Close

The Lion's Den snack bar in the Hetzel Union Building will be closed from 2 p.m. Friday, until 8:15 a.m. Sunday, Sept. 11.

## Calendar Changed For Spring

The University calendar for the spring semester 1961 has been changed to lengthen the semester one day and change the free day to prepare for final examinations from Friday, May 26, to Sunday, May 28, according to an announcement from the office of Lawrence E. Dennis, vice president for academic affairs.

The schedule previously released in the 1960-61 University general catalog listed the last day of the spring semester as June 5. According to the revision, the semester does not end until 9:50 p.m. June 6.

Spring semester classes ended at 9:50 p.m. Thursday, May 25, in the old calendar. Friday was a free day to prepare for final examinations and examinations began at 8 a.m. Saturday, May 27. Sunday would have been another free day.

The revision extends spring semester classes until 12:15 p.m. Saturday with final examinations scheduled to begin at 8 a.m. Monday.

The schedule was revised in order to have a full 15-week schedule of classes, according to Dr. Howard A. Cutler, assistant to the vice president.

This was one of the primary reasons that the Senate committee on class and calendar schedule recommended last.

## University Drive Now Being Paved

Paving started last week on University Drive, the right-angled highway that will carry next fall's football traffic to Beaver Stadium.

The new two-lane road, scheduled to be opened before the first game of the season Sept. 17, begins at a cloverleaf on East College Ave. east of South Halls. It runs north between the nuclear reactor and the new married housing project to the stadium parking lots.

From the other end it is an extension of Park Ave. and runs east to the stadium lots. Ramps have been constructed to permit access to the lots from the road.

## 3 Time Bombs Explode In Government Buildings

BEIRUT, Lebanon (AP)—Time bombs planted in government offices killed Premier Hazza Majali of Jordan and nine other persons in the Jordanian capital of Amman yesterday, a Jordanian official said here. Another 50 persons were reported wounded.

The time bomb that buried Majali in the debris of his office was one of three that blew up simultaneously, said reports from Damascus, Syria. The others were said to be in the government publications office and the Foreign Ministry.

## U.S. Diver Takes 1st Gold Medal In Olympic Games

ROME (AP)—The United States won its first gold medal of the 1960 Olympic games yesterday in Rome's searing 95-degree heat but Russia shot out ahead in the race for unofficial team honors by grabbing three.

Red-haired Gary Tobian of Glendale, Calif., captured the 3-meter springboard diving title with his teammate, Sam Hall of Dayton, Ohio, taking the second place silver medal. It was the ninth consecutive victory for the U.S. in the event.

Additional evidence of Yankee power came from the performance of Carolyn Schuler, 17-year-old Orinda, Calif., school girl who broke the Olympic record in preliminaries of the women's 100-meter butterfly stroke with a time of 1:09.8. Carolyn Wood, 14-year-old tenth grader from Portland, Ore., also won her heat in 1:11.1, just short of the old record.

Bill Mulliken of Champaign, Ill., boosted American hopes by smashing his own three-day Olympic record by winning a semifinal heat of the 200-meter men's breast stroke in 2:37.2. Paul Hait of Pasadena, Calif., the other U.S. entry was third in the other semifinal, also qualifying for today's final.

The United States basketball team, heavily favored to go through the Olympics without defeat, made short work of Hungary 107-63, advancing into the semifinal round with its third straight victory. The U.S. water polo team defeated Belgium 5-2.

### Final Publication Date

The final issue of the Summer Collegian will be published Thursday morning instead of Friday. Publication of The Daily Collegian will resume with the special orientation issue Sept. 11.

# Bunche Gives Up UN Congo Position

LEOPOLDVILLE, the Congo (AP)—U.N. Undersecretary Ralph J. Bunche, fresh from a visit to eight U.S. airmen and two Canadians who "had the hell beaten out of them," said yesterday he believes he has never been any place where misunderstanding is so deep as in the Congo.

Bunche is giving up his job as chief of the U.N. Congo operation after two turbulent months and flying back to his regular assignment in New York. His successor here is to be Rajeshwar Dayal of India.

"I leave with mixed emotions," the Negro executive told a news conference. "I am very happy to go back home and to my regular beat. But I am sorry to leave this team.

"In all my international experience I have never experi-

enced anything so inspiring in the way of international cooperation.

"Moreover, I regret to leave because I don't think there has ever been an operation with more demand on every individual for patience, restraint and endurance. Nowhere have international teams responded better than here.

"We have been in a pretty turbulent atmosphere. Suspicion runs deep everywhere here. That is the heritage of the immediate past, of colonialism.

"The country is full of rumors. Rumors lead to fear and fear very often erupts in panic.

"Such was the highly regrettable, tragic, outrageous incident at Stanleyville airport," in which eight American Globemaster crewmen and two Canadian technicians were battered Saturday by Congolese soldiers and civilians who professed to

believe they were Belgians."

Bunche denied Congolese allegations that Belgian soldiers are hiding in U.N. uniforms. He acknowledged there had been a black market in U.N. arm bands, which provoked bitter charges against the U.N. by Premier Patrice Lumumba's government.

He spoke a few hours after visiting the battered Americans and Canadians in the hospital.

"They had the hell beaten out of them and are lucky to be alive," Bunche said of this latest in the series of Congolese attacks on white foreigners contributing to the U.N. peace mission.

"These men had a brutal beating—a terrific beating," Bunche said.

"They live today only because of the intervention of the Ethiopian U.N. troops. They are still under shock and need great care."
