

Frosh Testing Now in Schwab

Several groups of freshman students scheduled for special testing tomorrow and Friday have been reassigned to a new location which is Schwab.

No changes have been made in the time and dates of the testing.

The following groups have been reassigned to Schwab: Thur., 8-10 a.m., Lyu-Med; Thur., 8-10 a.m., Mia-Mio; Thur., 1-3 p.m., Pou-Reh; Thur., 1-3 p.m., Saz-Sch; Thur., 3-5 p.m., Swa-Tha; Thur., 3-5 p.m., Wau-Wen; Fri., 8-10 a.m., Bao-Bec; Fri., 8-10 a.m., Bed-Ber; Fri., 8-10 a.m., Bud-Cal; Fri., 10 a.m.-noon, Dro-Eco; Fri., 10 a.m.-noon, Fpa-Ful; Fri., 3-5 p.m., Gid-Hok, and Fri., 3-5 p.m., Jaz-Kea.

Theatre Arts Prof Touring Germany

Dr. Walter H. Walters, professor and head of the Department of Theatre Arts, is one of seven Americans invited to take a four-week tour of Germany.

The seven, all professionally interested in the theatre and cultural life, are guests of the government of the Federal Republic.

The tour, which will continue through Oct. 4, is a part of an exchange program with the United States inaugurated in 1952. The major objective is to give Americans an opportunity to become acquainted with present-day life and institutions in Germany.

Pizza, Coke Cha Chas-- All at HUB

Freshmen, when you enter the Hetzel Union building, take a good look around; for this is your building. This \$3 million structure of glass, brick and stone belongs to you and to every other student who matriculates at the University.

The plans for a student union building were approved by the All-University Cabinet in 1950 and President Milton Eisenhower broke ground for the building on a rainy day in 1953.

The HUB, as it is known to students, was officially opened during the University's centennial celebration in 1955.

A small portion of each undergraduate's general fee is set aside for maintenance of the HUB and for payment on the bond which provided funds for the building's construction.

You'll be seeing a lot of this building during your years here for the HUB is the social and recreational center of the campus. Here a student can play a game of ping pong, eat a full course meal or dance a quick cha-cha. The HUB has facilities for almost everything.

The Lion's Den, a cafeteria operated by Food Service on the ground floor, is one of the most popular meeting places on campus. The Lion's Den is open from 7 a.m. to 10 p.m. and provides atmosphere as well as pizza, cokes and soft ice cream.

The Assembly hall in which movies are shown to students is located on the first floor and the large ballroom in the opposite wing provides a place to dance or study between classes.

Blueheads Will Bob At Friday's Debut

The air is smokey, the lighting dim, the area entirely filled. Fast (and slow) music engulfs everything and the people are dancing. Yet, there is something unique about this familiar scene. All of the dancers, the smokers, and the talkers have blue heads!

Now don't panic! The University has not been invaded by the inhabitants of some unknown planet; these puzzling blueheaded people are just freshmen wearing their dinks officially for the first time at the Dink Debut to be held from 8:30 to 11 p.m. Friday at the skating pavilion.

The Dink Debut is an annual event at the University, sponsored by the Association of Independent Men and Leonides, which marks the beginning of freshman customs.

To be admitted to the Dink Debut, all freshmen must wear their dinks and namecards into and for the duration of the dance. The Duke Morris band will provide the music for the dance which will be the last "freshmen only" event for the Class of 1964.

Customs is the one period of time during a class's four years stay at the University when the class is banded together with the main purpose of learning and building the traditions of their school.

Beginning with the Dink Debut, the Blueheads will begin their career of joining the upperclassmen in every phase of campus life at the University.

Mourant Granted Leave

Dr. John A. Mourant, professor of philosophy, has been granted a leave of absence from Feb. 1 to June 30, 1961, to conduct research on medieval philosophy and write a text on logic.

—Don't criticize the work of others unless you want to do the work of others.

Frosh Talent Needed For Class Night

Talent ranging from bands to dramatic readings, skits to sword swallows is needed for the freshman class night at 8 p.m. Saturday in Recreation Hall, Sue Grossman, chairman, said yesterday.

Auditions will be held from 2 to 4:30 p.m. today and Friday in the Hetzel Union ballroom. Freshmen may practice their acts there from 1 to 2 p.m. today and Friday.

After the freshman talent show, there will be dancing to an orchestra until 12 p.m., Miss Grossman added.

Hummel Fishburn, head of the Department of Music, and his assistant, Frank Gullio, associate professor of music, will be there to lead the freshmen in songs and cheers. They served in a similar capacity Monday night at Recreation Hall.

Everyone is invited to the talent program, including upperclasswomen, Miss Grossman said.

Oral Language Tests For Grads Will Begin

Oral tests given preliminary to the graduate students' written foreign language examination will be given tomorrow, Friday and Saturday.

The German tests will be given in 227 Sparks and French and Spanish in 300 Sparks.

The written examinations will be given Nov. 7. Students wishing to take these tests should register no later than Sept. 30 in 247 Sparks for English, 227 Sparks for German and 300 Sparks for French and Spanish.

—Before you criticize the old folks, remember that even though a clock is run down, it's right twice a day.
