NSF Fellowships Available to Students

Outstanding seniors and graduate students may secure applications for the National Science Foundation Cooperative Graduate Fellowships for 1961-62 at the Graduate Student Office in 106 Willard.

Applicants are asked to bring a written statement of recommendation from the head of their department. Recipients are selected solely on the basis of ability, as indicated in academic records, recommendations and Graduate Record Examination scores. A recipient receives a stipend of \$2200 for 12 months or \$1650 for the academic year.

A special Graduate School committee will recommend 43 candidates from the University to NFS.

Fellowship are awarded in the mathematical, physical, medical, biological and engineering sciences, including anthropology, psychology and the following social sciences: geography, mathematical economics, econometrics, demography, information and communication theory, experimental and quantitative sociology and the history and philosophy of science.

Complete application materials should be turned in by Nov. 4 to the dean of the graduate school of the student's choice.

NFS will offer summer fellowships for 1961 to students who have been teaching assistants for one academic year or

instructors who are graduate students. Applications are available at the Graduate School Office and must be completed by Dec. 8.

Eligible students may also apply for a Cooperative Fellowship to start September, 1961, for 12 months' tenure.

NFS will again offer a Graduate Fellowship Program, in which the student applies directly to NFS and picks his own graduate school. Under this program, first year stipends are \$1800 with a dependency allowance of \$500 per dependent.
