Town Men Seek House For Parties

Town men are hunting approved downtown independent houses for parties and other social events.

Under the Town Independent Men's party house system, a house desiring to have social functions must petition the TIM low normal, where they remained, Board of Control for approval.

Then came Donna. The heat bor education, and Donald C temperatures fell to slightly be. Tredennick, general engineering. Promoted to the rank of associate profesor were:

rate lavatory facilities for men and women, the latter adjacent to the area where the party is to be held.

If its petition is accepted, the house will be inspected by a member of the board of control and a degrees, which is 16 degrees above nance Research Laboratory; Mary member of the staff of the dean of men or dean of women. The or 28 degrees that was recorded in house will receive a social char

The 2-story structure will house the departments of elementary education, secondary education and art education. Parts of the music education and industrial education departments also will be located in the new building.

The College of Physical Education dedicated the new Beaver Stadium at the first football game of the season. The college also plans an addition to the present Recreation Hall to be completed in three years.
The College of Agriculture is

building two cement block struc-tures south of Curtin Rd. These will be used for greenhouse workrooms with some space provided for small laboratories and offices.

The military science branches were finally united in one building with the completion of Wagner. The three-story building is located on Curtin Rd. half way out to Beaver Stadium.

The seven new Pollock Residence Halls have just been opened. The 6- and 8-story skyscrapers will accommodate 1700 students. The halls take the place of the old Pollock barracks which were torn down.

The new housing project for married students is completed and is in the process of being occupied. The 216 apartments in 43 buildings are located on the east campus. The Turf Plot Women's Residence Halls are half way completed.
