Students can help shorten the long lines at breakfast in the Pollock Dining Area by spacing themselves better, learning when the low periods are and not coming at the last minute, Robert C. Proffitt, Director of Food Service, said yesterday in response to complaints which have been lodged.

The problem of long lines cannot be solved by opening the fourth dining hall, he said, since only half of the Pollock students eat breakfast and it would be a waste of time and money.

minutes since this would not allow enough time for students to make an 8 a.m. class, Proffitt said.

Furthermore, he said, there is no real evidence that the meal hour needs to be lengthened 15 minutes since one of the lowest serving periods is between 7:45 and 8 a.m. which is only 15 minutes before closing time.

Figures for one day show that 25 people came between 7:45 and 8 a.m. and 114 students between
