

# UN Command Refuses To Surrender Lumumba

LEOPOLDVILLE, the Congo (AP)—The United Nations Command yesterday firmly rejected a demand to surrender Patrice Lumumba to his political opponents now struggling to assert their rule in the Congo.

While Congolese soldiers pointed guns at UN soldiers guarding the deposed premier's residence, a UN spokesman said an arrest warrant for Lumumba prepared by the provisional government is not valid as far as the world organization is concerned.

Backed by the army strong man, Col. Joseph Mobutu, the young leaders of the provisional government Monday night threatened a military assault on Lumumba's home if the United Nations refused to hand him over by 3 p.m.

The deadline passed with Lumumba still safely in his residence and government representatives in a tense conference with UN Congo chief Rajeshwar Dayal.

The refusal to honor the warrant signed by President Joseph Kasavubu, was based on a fundamental law which serves as the Congo's temporary constitution. The law requires that Parliament must approve any warrant for the arrest of one of its members.

UN officials told Justin Bomboko, who heads a technical commission operating the government, that they would honor an arrest warrant if it carried parliamentary approval.

This would require reconvening of Parliament's two chambers. Mobutu sent the deputies on vacation after staging a coup last Sept. 14. He then appointed the provisional government, mostly composed of college students.

### Rise in Pa. Unemployment

PITTSBURGH (AP) — Unemployment in excess of the national average has cost Pennsylvania \$490 million in public assistance grants and jobless benefits over the past 7½ years, Gov. David L. Lawrence said yesterday.

# Campaign In N.Y. Set By Kennedy

NEW YORK (AP) — Sen. John F. Kennedy eased the pace of his presidential campaign yesterday before setting out on a whirlwind bid for votes in the New York area today.

The Massachusetts Democrat went to the New York Times for a conference with publisher Arthur Hays Sulzberger and also had a chat at the New York Post with editor James Wechsler, but he scheduled no public appearances.

His press secretary, Pierre Salinger, said Kennedy had no comment on President Eisenhower's first political broadcast of the campaign Monday night, in which Democrats were accused of having a "pie in the sky" philosophy.

Kennedy, staying at the Carlisle Hotel, closeted himself part of the day with aides to prepare for his third radio-TV debate tomorrow night with Vice President Richard M. Nixon, his Republican opponent.

Only two more of the original four debates are on tap, but Kennedy announced earlier yesterday that he had accepted an offer by two of the networks to make time available for a fifth debate early in November.

# Soviet Sailor Seeks Asylum

NEW YORK (AP) — An Estonian seaman, a defector from Soviet Premier Khrushchev's own ship, the Baltika, has sought political asylum in America. He said he was fed up with serving the Soviet Union as a conscript civilian spy.

"I hope to live here in this great country of plenty, where every human being is respected and has self-dignity," declared slight, blond Victor Jaanimets, 29, who jumped the Baltika Monday and got in touch with an Estonian refugee camp.

Immigration officials checked his story, to determine if he is a legitimate defector and not a Soviet plant. If it stands up, Jaanimets' choice against communism could prove a resounding propaganda victory for the free world—at the very moment it is under bitter attack by Khrushchev in the name of "anticolonialism."

# Nixon Blasts Opponent In San Diego

SAN DIEGO, Calif. (AP) — Vice President Richard M. Nixon claimed yesterday that Sen. John F. Kennedy's stand on Quemoy and Matsu islands is the same kind of thinking the Truman administration used "when we blundered into a bloody war in Korea."

Nixon said Kennedy had "regrettably forgotten this painful lesson of history" when he said that the Nationalist Chinese islands are indefensible and that the line of defense against the Communist Chinese should be drawn in the sea around Formosa itself.

Nixon used this strongly defense-minded city, with its aircraft factories and its naval base, for one of his hardest attacks so far.

Kennedy, Nixon said, "talks of drawing a new line in the Formosa strait, leaving Quemoy and Matsu to the mercy of the Chinese Communists."

"Of one thing he can be dead certain," Nixon added, "They will take him at his word should the election be favorable to his candidacy."

# Court Gives Legislature Rights To Check Phila. Vote Frauds

PHILADELPHIA (AP) — The State Legislature has the right to investigate vote frauds in Philadelphia, the State Supreme Court unanimously held yesterday.

The decision wiped out a month-old ruling by Judge Francis X. McClanaghan of Philadelphia Common Pleas Court which prohibited a special committee of the State Senate from making such an inquiry.

State Sen. William Z. Scott, (R-Carbon), chairman of the Senate committee, said at his Lansford law office he would like to resume the committee's hearings before the Nov. 8 election. He called its members to a session in Harrisburg today.

The Legislature has been recessed pending the high court ruling. Scott said he sees no reason now why it cannot adjourn.

The high court said in its opinion the legislative committee could not, however, include in its investigation charges that Dist. Atty. Victor H. Blanc of Philadelphia delayed vote fraud prosecutions.

The majority held that the Legislature cannot constitutionally investigate a district attorney because, under the constitution, the Legislature has the power of impeaching that official. Justice John C. Bell Jr., dissented.

Chief Justice Charles Alvin Jones wrote the majority opinion.
