

AWS Candidates Hear Election Code

Members of the Association of Women Students elections committee met last night in each women's residence area with candidates for AWS Senate and Community Council positions to discuss elections code and campaign procedures.

The following women, according to residence area, applied for candidacy in the AWS elections to be held Oct. 19 - 20.

Loan Club Discussed By Cabinet

The possibility of a loan organization which would help beginning student activities get started was discussed last night by the SGA Cabinet.

The discussion was launched by Walter Darren (C.-Sr.) who told the Cabinet about the Parachute Club which has recently been initiated. Darren said that the new club will need funds to buy equipment and has been trying to decide where it might appeal for help.

Cabinet members agreed that SGA is probably not the proper place to appeal for loans but that an organization, specifically designed to grant loans to new student activities may be worthwhile.

If such an organization were begun, it was decided, any activity seeking a loan should be one which would include a large number of students and the objectives and set-up of the club should be thoroughly approved before any loan would be granted.

In a straw vote, Cabinet members agreed that such a loan organization is desirable but that any investigation into the matter would be profitable. It was not decided, however, to make any investigation. The idea for a loan organization was only in a discussion stage at last night's meeting.

In its regular business, the Cabinet approved the agenda for tomorrow night's Assembly meeting.

Breen to Speak in HUB

"Opportunities in Federal Governmental Accounting" will be discussed at 7:15 tonight in the Hetzel Union assembly room.

ATHERTON, Freshmen — Beverly Herold, Anne Altomose, Barbara Krauth, Patricia Field, Clara Jacobs, Karen McCutcheon, Vivian Hu, Polly Posner, Lorna Sand, Darlean Smith, Nan Gilligan, Judith Wunderly.

Harnett to Give Talk
Arthur L. Harnett Jr., professor of physical education, will address the annual meeting of the Pennsylvania Division of the American Cancer Society Friday at Bedford Springs. His subject will be "Responsibilities of Board Members."

Nittany Council Will Conduct Food Survey

Nittany Area Council decided to poll the area to determine the number of men willing to pay extra money for more dining hall food. The results of the poll will be submitted to the Nittany Foods Service Committee.

It was recommended that half-portion be given to women if they so choose, since many of them waste much of the food.

The Council also voted to bring the matter of possible covers for the front of closets before the Housing and Food Committee.

In other business nominations for Council offices were accepted. They are Leigh Yates, Steve Weintraub and Lee Robins, president; Frank Milas, Jim Sloan, Charles Gollman, vice president; Gary Kapp, treasurer; and James Bucatta, secretary.

Nominations are open until the elections on Tuesday, Barry Rein, acting president, said.

Council members can be nominated by the president of the dormitory, his alternate or a petition of 50 students. All nominees must be present at the election.

BEAT SYRACUSE

Profs Write Articles

Dr. Katherine H. Fisher, associate professor of foods and nutrition, and Dr. Raymond W. Swift, professor emeritus and recently retired head of the Department of Animal Nutrition, have written a series of articles on "Food Fallacies" for Inplant Food Management magazine, published for industrial food services.

DOOMED BY YOUR MEMORY?

A noted publisher in Chicago reports there is a simple technique for acquiring a powerful memory which can pay you real dividends in both business and social advancement and works like magic to give you added poise, necessary self confidence and greater popularity.

According to this publisher, many people do not realize how much they could influence others simply by remembering accurately everything they see, hear or read. Whether in business, at social functions or even in casual conversations with new acquaintances, there are ways in which you can dominate each situation by your ability to remember.

To acquaint the readers of this paper with the easy-to-follow rules for developing skill in remembering names, places, figures, dates, business transactions, or even passages of literary content, the publishers have printed full details of their interesting self-training method in a 24-page booklet "Adventures in Memory," which will be mailed free to anyone who requests it. No obligation. Simply send your request to: Memory Studies, 835 Diversey Parkway, Dept. 4247, Chicago 14, Ill. A postcard will do.
