

# Fulbright Applications Available

Applications for some 800 Fulbright scholarships and for Inter-American Cultural Convention awards will be accepted until Nov. 1 by the Institute of International Education.

The Institute accepts applications from independent candidates who are not connected with any school in a teaching or student capacity.

Applicant requirements include U.S. citizenship at time of application, a bachelor's degree or its equivalent by 1961, knowledge of the language of the host country and good health. A good academic record and a capacity for independent study are also necessary.

Interested seniors and graduate students on campus should consult Robert E. Galbraith, professor of English composition, in 245 Sparks. Requests for application forms must be obtained by Saturday.

The Institute of International Education administers both of these student programs for the U.S. Department of State. Fulbright students who study in Europe, Latin America, and the Asia-Pacific area will receive tuition, maintenance and round-trip travel.

# 2 Music Profs To Give Recital

Raymond Brown, baritone, and Barry Erinsmaid, pianist, both on the faculty of the Department of Music at the University, will present a recital at 4 p.m. Sunday in Schwab.

The program consists of five songs by Beethoven and following the intermission, Robert Schumann's "Dichterliebe," a cycle of 16 songs set to poems by Heinrich Heine.

There will also be a solo cantata by Heinrich Schutz, "Fili mi, Absalom," a composition for bass voice, organ and four trombones.

The four trombones will be played by Florie DeMatteis, junior in music education from Altoona, Marvin Johnson, sophomore in music education from Philadelphia, Jesse Koontz, senior in chemistry from Bedford and Ray Zeigler, sophomore in music education from Spring Mills.
