

# AWS to Hold Preliminaries For Council and Senate Posts

The Association of Women Students will hold preliminary elections for Community Council members and AWS Senate freshman members-at-large from 10 a.m. to 7 p.m. today in each of the five women's residence areas.

Final elections will be held Friday at the same time and places.

Preliminary elections will be held for all positions except those which follow: sopho-

## Nittany Area Postpones Elections

Nittany Area Council voted last night to postpone the election of council officers indefinitely and also proposed amendments to the AIM constitution requesting that there be freshmen officers on the council.

The action came as a result of a meeting yesterday afternoon in which Frank J. Simes, dean of men, ruled unconstitutional the bill passed last week at the AIM Board of Governors meeting. Barry Rein, acting council president, said the bill allowed all Nittany Council officers except the president to be freshmen.

It is unconstitutional for the AIM Board of Governors to discuss matters pertaining to only one of its area councils. The council voted to present the following motions to AIM:

1. That freshmen be elected to any council office.
  2. That if all the officers are freshmen, an upperclassman be appointed as advisor to the officers.
  3. That if AIM does not pass either of the above motions, the vice president must be an upperclassman and freshmen may run for the other offices.
- So far no upperclassman has been nominated for the presidency in the area which is about 95 per cent freshmen.

more, junior and senior council representatives from McElwain and Simmons; senior representative from South Halls area; freshman and senior representatives from Pollock area; sophomore, junior and senior representatives from both Atherton and West Halls area.

The purpose of today's election is to limit the number of candidates that will run for positions in the final elections on Friday in those cases where the number of candidates is exceptionally large.

Voting will be held at the following central points in each community: Pollock area, near the Pollock Dining Hall Post Office; South Halls area, near the Redifer Post Office; Atherton, in the recreation room; Simmons and McElwain, in their respective mail rooms; West Halls area, in the McKee lobby.

All women must present their matriculation card and their meal ticket to vote.

Pictures of candidates for freshman members-at-large can be seen only near the Hetzel Union desk. However, names and activities of these candidates will be posted at all five voting stations.

Those candidates elected as freshman members-at-large will meet for the first time on Wednesday, Nov. 2, at the first meeting of the revised AWS Senate.

Elected council members will meet at an earlier date to choose officers for the year.

### Naval Society to Meet

The Quarterdeck Society, naval honorary fraternity, will meet at 7:30 tonight at Pi Sigma Upsilon, 220 E. Foster Ave.

Col Robert E. Smith, professor of naval science and the new commanding officer, will be the featured speaker.

## Cox-Beliefs, Not Religion Aid Decisions

A person's faith, not his religious affiliation, is an important determinant in making decisions in politics or out, according to Rev. Harvey G. Cox, Jr.

Rev. Cox spoke last night at the third series of the Christianity in Politics conference on the topic "Does Faith Affect the Office Holder?"

The speaker said that by "faith" he meant a person's ultimate concern or view of life. People often confuse "religious affiliation" with "faith," he said.

Rev. Cox said that he thinks a man who is free from justifying himself publicly because of his belief will make good decisions when holding a political office.

Rev. Robert M. Herhold, also spoke last night. "The question of faith in politics is not a new phenomena," he explained. He cited examples of faith conflicts which have occurred in the House of Representatives and state legislatures.

Both speakers have been active in politics. Rev. Cox is now visiting lecturer in Evangelism at Andover-Newton Theological Seminary and Rev. Herhold, pastor for a Lutheran church near Minneapolis, was delegate from Minnesota to the 1960 Democratic convention.

## Banks, Hersey Selected As 'Outstanding Pledges'

J. Robert Banks, Phi Gamma Delta and Catherine Hersey, Delta Delta Delta were named the Outstanding Pledges for 1960 last night.

Alpha Zeta again took the trophy for the highest pledge class scholastic average.

In other Greek Week events Kappa Alpha Theta and Alpha Rho Chi took top honors in the Greek Week Poster Contest.

Banks and Miss Hersey were presented with plaques at the annual Greek Week Pledge Banquet held at 6 p.m. in the Hetzel Union dining room. Alpha Zeta was also awarded the IFC Pledge Class Scholarship Trophy at the banquet.

Mrs. Richard Vanderpool, new assistant dean of women in charge of Panhellenic Affairs, spoke to the outstanding pledges of each fraternity and sorority participating in Greek Week on the "Greek Challenge for the Future."

In the poster contest, Alpha

Omicron Pi won second place in the sorority division and Delta Chi took second place among the fraternities. Third place sorority honors were taken by Kappa Delta and Chi Phi won third place in the fraternity division.

Fifteen sororities and 16 fraternities entered the contest which was judged Saturday.

One of the two first-place posters will be used as the cover for next year's Greek Week booklet and the other as the cover for the Panhellenic freshman booklet, according to Carol Goehring, co-chairman for the contest.

Although no prizes were given for the window displays held in conjunction with the poster contest for the first time this year, 23 groups participated in the event.

Greek Week will continue tonight with Exchange Dinners.

### BA Council Will Meet

The Business Administration Student Council will meet at 7:30 tonight in 306 Boucke.

## Murray Terms U.S. First-Rate Power

The free world does not feel the United States is a second-class power as Democratic presidential nominee John F. Kennedy charges, Harvey P. Murray, Jr., told the University Young Republicans Club last night.

Murray, chairman of the Snyder County Young Republicans, said that when he was in Washington, D.C. last week, he heard the Danish ambassador say that "while he did not care to enter into domestic politics, he could not sit idly by and hear this nation called second-rate."

"He said that America is held in the highest esteem throughout the free world."

Murray said the United States has avoided war "precisely because of our known strength, unity and determination."

As to Kennedy's charges that the Republicans have let U.S. defenses drop, Murray said, "it should be remembered that missiles have now become an integral part of our defense and any space

lag that may still remain is rapidly being closed."

The space lag was inherited by the Eisenhower administration, Murray said. "From 1945 to 1952 the Democratic administration spent 30 times as much money on peanut supports as on intercontinental and intermediate range ballistic missiles."

### Frosh LA Council Forms

Freshman applications for the Liberal Arts Student Council are available now at the Hetzel Union desk and in 138 Sparks. Freshmen may pick up applications through Monday. The forms must be returned by next Tuesday to 138 Sparks.

**Be perspicacious!**

Not this: a student who studies drowsily no matter how much sleep he gets.  
 This! Perspicacious... sharp! NoDoz keeps you awake and alert—safely!

If you find studying sometimes soporific (and who doesn't?) the word to remember is NoDoz. NoDoz alerts you with a safe and accurate amount of caffeine—the same refreshing stimulant in coffee and tea. Yet non-habit-forming NoDoz is faster, handier, more reliable. So to keep perspicacious during study and exams—and while driving, too—always keep NoDoz in proximity.

The safe stay awake tablet—available everywhere. Another fine product of Grove Laboratories.
