

Soviet Delegation Threatens Walkout

UNITED NATIONS, N.Y. (P)—The Soviet Union threatened yesterday to walk out on UN disarmament debate.

The United States replied that it refused to be intimidated by such threats, and challenged the USSR to join in a work-

Jack Kennedy Parades Thru New York City

NEW YORK (P) — Democratic presidential candidate John F. Kennedy and his wife rode through a mass of humanity and a paper snowstorm on Broadway yesterday bidding for the crucial New York electoral vote.

The day was devoted to a maximum effort to be seen with a minimum of speaking.

Repeatedly crowds surged around the Kennedy caravan, pressing forward for handshakes. Before starting, Kennedy got in another dig at his Republican opponent's refusal for the second time to extend their television debate series.

He said the American people will have to decide why Vice President Richard M. Nixon will not meet him in a fifth debate on the issues.

able disarmament program. Soviet Deputy Foreign Minister Valerian A. Zorin told the UN Political Committee that if the United States and its allies insist upon pressing their disarmament proposals, the committee's work will become impossible.

"The Soviet Union will not participate in such a waste of time," "Let no one have any doubt on this account, let all illusions be dispelled if somebody holds them."

Chief U.S. Delegate James J. Wadsworth gave this reply. "We will not walk out of this committee in any circumstances, and we will not be intimidated by a Soviet threat to do so."

He expressed hope that tactics of the Russians in the committee Tuesday in opposing lump discussion of all disarmament items "was not a preliminary step toward walking out of this committee, as Chairman Khrushchev said they might do."

Nixon Attacks Kennedy Views

NEW YORK (P) — Vice President Richard M. Nixon declared last night the nation has made more progress in civil rights under President Eisenhower than it had since the Civil War.

Nixon accused Sen. John F. Kennedy, his Democratic opponent for the presidency, of gross "misstatements and distortions." The Republican presidential candidate, in a "White Paper" on the Kennedy campaign, said the Massachusetts senator's farm program would boost the average retail price of a pound of beef from 82 cents to 98 cents.

Seven Airmen Die In AF Jet Crash

LANGLEY AIR FORCE BASE, Va. (P) — A huge Air Force jet tanker carrying seven crewmen crashed and burned at the edge of an island bombing range near here Tuesday night. The Air Force said there were no survivors.

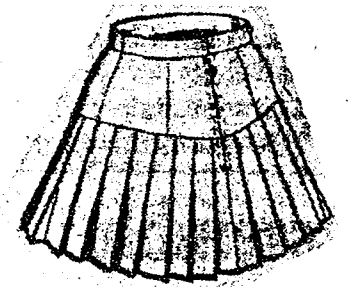

The KB50J tanker, designed to refuel as many as three jet fighters, came down about 6:30 p.m. shortly after takeoff from this sprawling Tactical Air Command base in eastern Virginia. It burst

into towering flames on impact. Two hours after the crash, state police had removed three bodies from the smoldering wreckage and sent them to Langley AFB by helicopter.

Langley officials said the aircraft lay half on the island, half in the waters of Back River.

They said the plane had been on a night training mission.
