

# Press Celebrates Newspaper Week

In the hustle-bustle of our own Greek Week, the current week's national dedication may have gone unnoticed

"National Newspaper Week," an annual tribute to the nation's more than 1700 daily and 9000 weekly newspapers, is being celebrated from Oct. 15 to 21 this year.

From the very beginning, American newspapers have been a watchdog for society. The nation's first newspaper, printed in Boston and titled "Publick Occurrences—Both Foreign and Domestic," was suppressed by the governor of Massachusetts after only one edition.

From that day on, newspapermen have been dauntless in their search for truth and with this in mind, journalism students from the University of Nevada coined the 1960 NNW slogan, "Your Newspaper—Freedom's Guardian."

In his annual message to the newspapers of the nation, Presi-

dent Eisenhower said that the NNW slogan was a timely theme in a year of national elections and great decisions in lands around the world. Newspaper reporters help keep an "open society" by reporting news accurately and promptly, the President said.

The plight of the journalist has changed considerably since "Publick Occurrences" was suppressed. The reporter is no longer worried about criticizing in authority, his problem is now far more subtle.

Newspaper Week is being used to renew a drive against what many journalists consider a threat against freedom of information—unnecessary secrecy.

Backed by an opinion of the attorney general, many federal officials use their "executive privilege" in stamping information as "secret" or "classified" which reporters think has nothing to do with national security. To combat this journalists have been using Newspaper Week to shed light on the fact that such a situation exists.

## Scarth Ranks 1st In Beef Judging

Twenty-one teams and 105 contestants participated. The University's team placed second in beef cattle, fourth in sheep, fourth in quarter horses and eighth in the total contest.

## Faculty Members Present Papers

Two faculty members at the University presented papers last week at the annual meeting of the Pennsylvania Association of Junior Colleges held on the Ogontz Campus.

Dr. Donald N. Ford, director of the Division of Counseling, presented a paper, "Counseling and Knowledge," while Merle E. Campbell, dean of student affairs for commonwealth campuses, presented a paper, "Rx for Student Development."

Note: When an "avalanche slope" is in delicate balance, the slightest vibration in the air, such as Bob's shout, will cause it to let go.
