## State Can Keep Mitinger, Lion Harriers Seek Terrapins Have Collins Perfect Campaign

By SANDY PADWE

As far as Maryland football fans are concerned, Penn State can keep Bob Mitinger, Pitt can have Mike Ditka, Syracuse can have Fred Mautino and Missouri can stick with Danny Larose.

The reason is Gary Collins, considered to be one of the finest ends in Maryland's rich

football history. Only a junior, Collins has received rave notices wherever the Terps have played for brilliant offensive and defensive work.

"At the present time, he definitely is the finest pass receiving end Maryland ever has had," says

Terp sports publicist Joe Blair.

"He has a great pair of hands and is one of the most spectacular type receivers in football today.

"It is a rarity when he drops the ball. He has fine speed and has an uncanny way of getting in the

open.
"Collins also has exceptional strength defensively. He does a fine job of rushing the passer and is hard to block out of the way," Blair said.

Collins' all-round ability has put him high on the list of prospective All-Americans.

Just two weeks ago he was selected as the Atlantic Coast Conference lineman of the week for his defensive performance in Maryland's 14-13 upset of Wake Forest.

His fourth period interception sophomores and juniors. of a Wake Forest pass killed the Deacons' last scoring chance, and and junior Tom Sankovich will be carlier he partially blocked a field the tackles, goal attempt that could have provided the winning margin.
