

# Panel Group To Discuss Indian Ties

A panel discussion on "The Future Relationship Between India and the U.S.A." will be held at 4:30 p.m. tomorrow in the Memorial Lounge of the Helen Eakin Eisenhower Chapel.

More than 30 Indian students from other colleges and universities in the state will attend the discussion as part of the "India Week" program sponsored by the University Christian Association and the Friends of India Association.

Chairman for the panel will be Surendrakumar Patel, a native of India and resident assistant in mechanical engineering.

Other panelists will be Dr. Calvin Hazlett, moderator of the United Church of Northern India; Mrs. Nirmala Bidani, graduate teaching assistant in the Department of Geography; Dr. Rustum Roy, a native of Bengal State, India, and professor of geochemistry; and Dr. Neil Riemer, associate professor of political science.

According to the Rev. Samuel N. Gibson, executive director of the U.C.A., the purpose of the "India Week" program is to increase knowledge, through such activities as discussions about contemporary India and to promote personal relationships between Indian students and American students, faculty and townspeople.

## Kennedy--

(Continued from page one) ciate press secretary at the White House. Hatcher's appointment was announced along with the widely forecast selection of Pierre Salinger, his campaign press chief, to succeed James C. Hagerty as White House press secretary.

## X-Country Stars--

(Continued from page six) Sam Roberts are listed as the Cadets top hopes for individual honors.

Also shooting for individual honors Monday will be Bob Lowe of Brown, who finished second last year; Tom Laris of Dartmouth; Joe Francello of Syracuse; Ron Gregory of Notre Dame; and Tom Duggan of NYU.

# NROTC Names Silva Analysis-- Date for Test

High school seniors and graduates have until Nov. 18 to apply for the Navy's Reserve Officer Training Corps program.

Those applying will take a nationwide competitive examination on Dec. 10 as the first step toward an appointment as midshipmen.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for students to earn a regular commission while studying at a civilian college of his choice which has an NROTC unit.

All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for four years.

# Silva Analysis--

(Continued from page one) polled 5,540,329 votes. Again, Harrison's electoral votes totaled 233 while Cleveland received only 168 electoral votes.

Miss Silva said that before the final official popular vote is tabulated, Kennedy's margin may become even narrower. She explained that "Illinois could still change to Nixon." In that state, she said, "there is a difference of less than one vote per precinct."

She also said that though Kennedy's margin may decrease, she does not think that Nixon will take the lead in the popular vote. Miss Silva explained that many of the uncounted votes are in traditionally Democratic precincts.

Miss Silva said the election results will undoubtedly cause agitation for change in the electoral college. She said, however, that she feels "any change in the present system would be a change for the worse."

## Do you agree with Lincoln about government competing with its citizens?

Nearly a hundred years ago, Abraham Lincoln said, "In all that the people can individually do for themselves, government ought not to interfere."

That's an even more important issue today, when the U. S. government runs about 19,000 businesses. The electric light and power business is one example, where government has spent well over \$5,000,000,000 of taxpayers' money to compete with its own people.

\$10,000,000,000 more has been proposed for this purpose. That would be unnecessary spending—because the hundreds of independent electric light and power companies like yours are able and ready to supply all the low-price electricity people will need . . . and without depending on taxpayers' money.

owned by people, not by government

## Cold, Cloudy Weather To Continue In East

Arctic air will continue to be the main weather-maker for most of the eastern half of the nation today and tonight. Consequently, little change is expected in the weather conditions in this area.

The forecast indicates partly cloudy and cold weather should continue today. Temperatures will remain in the 30's all day with a maximum of 38 expected during the afternoon.

Partly cloudy and cold weather is expected again tonight and a low temperature of 27 is expected.

## CLASSIFIEDS

### FOR SALE
