Youths Interfere With Integration

NEW ORLEANS, La. (AP) — Temperamental teen-agers—running in packs of 100 and 200—broke the peaceful mixing of the races in New Orleans public schools yesterday.

Forays by youngsters of both sexes melted away from the nervous feet of police horses in an abortive attempt to break police lines around McDonogh No. 19 school.

Police arrested at least 11 persons, including a blonde girl who bit the hand of an arresting officer, and a deputy sheriff from neighboring St. Bernard Parish.

The teen-agers put into action the better-controlled anger of parents who shouted derisively as four 6-year-old Negro girls entered two white schools for their second day of integrated education.

Arms Talks--

(Continued from page one) agree to amendments to the Indian resolution that would make its language "explicit and not vague."

Zorin said the resolution presented by Menon, although it had shortcomings, presented the best hope for U.N. progress on disarmament.

The resolution submitted by Menon was the result of more than four weeks of behind-the-scenes consultations in which he played a leading role.

It was shown both to Zorin and Wadsworth before it was submitted. An Indian delegation source said neither approved it, and Zorin's endorsement came as a surprise.

But India was not expected to press its resolution unless both the Soviet Union and the United States support it.

The new resolution calls for: Elimination of armed forces, armaments and arms production.

Total prohibition of manufacture and use of nuclear, bacteriological and chemical weapons of warfare.

Elimination of all existing establishments and training institutions for military purposes.

Elimination of military bases on national and foreign territories, including those equipped as weapons-launching sites.

Maintenance of defense forces needed for internal security of individual nations and contributions to a U.N. international police force.

Changes in the U.N. structure to prevent such a force from being used in the interest of one state or groups of states against another state or group of states.

Ike Acts on Nat. Debt

AUGUSTA, Ga. (AP) — President Eisenhower yesterday approved a decision ordering government departments and agencies to take new action to reduce the nation's mounting deficit in balance of payments.

The President said he would issue a special new directive on this problem within the next 48 hours.

Eisenhower made known his decision after a 2½ hour conference at his vacation headquarters with his Secretaries of the Treasury and Defense.

"The deficit for 1960 now looks as if it could possibly approach last year's figures," said Treasury Secretary Robert E. Anderson after the meeting.

State to Lose House Seats

WASHINGTON (AP) — Preliminary reports that Pennsylvania will lose three House seats as a result of the 1960 census were confirmed yesterday.

Secretary of Commerce Frederick H. Mueller transmitted to President Eisenhower the final population count as of last April 1 and made public a table showing a new congressional apportionment. Under it, Pennsylvania's representation drops from 30 to 27.

A decade ago the Keystone State had 33 seats and not so many years ago it was represented by 36 House members.

Air Force Missile Climbs 5000 Miles

CAPE CANAVERAL, Fla. (AP) — The Air Force fired an Atlas missile 5000 miles yesterday and recovered a data capsule that ejected from its nose cone and parachuted into the sea.

Later, a Mace-B guided missile was launched on a 1000-mile test flight after standing on its pad in a "hot hold" ready-to-fire status for more than 31 hours.

The Atlas thundered to a bulls-eye off the South Atlantic island of Ascension, covering the distance in 25 minutes at a peak speed of more than 17,000 miles an hour.

The 30-inch cylindrical capsule plunked into the water and two hours later was retrieved by the ocean range vessel Timber Hitch.

The capsule was crammed with instruments and a tiny tape recorder to determine how the 1½ ton cone survived the jolting journey.

Kennedy, Ribicoff Confer in Florida

PALM BEACH, Fla. (AP) — President-elect John F. Kennedy, reportedly considering Republicans for some high posts, conferred yesterday with a Democrat prominently mentioned for a Cabinet appointment.

The Democrat is an old, close friend, Gov. Abraham A. Ribicoff of Connecticut. He lunched with Kennedy, played golf with him and lost, and conferred with him for two hours.

But he told reporters they talked about "Some of the responsibilities and obligations of the presidency beginning in January"—not a Cabinet spot for the governor.

Ribicoff's name figures frequently in speculation over Kennedy's choice for attorney general. But the governor said: "I ask for no job nor do I seek any. I never have."

Algerian Riots Feared

ALGIERS (AP) — The government sped 1100 trained riot policemen from France to Algeria yesterday as this city was flooded with talk of a new plot against President Charles de Gaulle's Algerian policies.

The police will reinforce a riot squad of 5000 already stationed in this city where a 1958 settlers' uprising brought down the Fourth French Republic and boosted De Gaulle to power.

On Jan. 24 of this year, European settlers staged a new uprising because De Gaulle had offered Algeria's Moslems a chance to work out their own political future.

Silva to Give Speech

Dr. Ruth Silva, professor of political science at the University, will speak on "Election Post-Mortem" at the combined luncheon of the Social Science Research Center and the department of political science at noon tomorrow in Dining Rooms A and B of the Hietzel Union.

Dr. Silva has developed special techniques for predicting and analyzing the results of national elections that take account of many factors that influence the voters.

The largest class in 1924 was Political Science 13 with 363 students.

PLANNED TRAINING PROGRAMS to start your career

offered by Public Service Electric and Gas Company
... 3rd in revenues among investor-owned electric and gas utilities

See our representative when he visits your college on
MARCH 22, 1961

You may obtain a copy of our brochure "Training Courses for College Graduates" at your placement office or by writing to Public Service, Room 2152a, 80 Park Place, Newark 1, New Jersey.

Here is the Training Schedule for Electric Cadet Engineers

COLLEGE TRAINING REQUIRED

Degree in electrical, mechanical, or industrial engineering courses.

SCHEDULE	TRAINING TIME IN WEEKS
Testing Laboratory	4
Electric Generation Department	
Performance Department	6
Boiler Operation	3
Boiler Maintenance	3
Electrical Operation	3
Electrical Maintenance	3
Turbine Operation	3
Mechanical Maintenance	3
Yard	1
Office and Storeroom	1
Inspection of Company Generating Stations	1
General Office	1
<hr/>	
Electric Distribution Department	
Line Department	5
Meter Department	2
Wiring Inspector	1
Substation Operation and Maintenance	4
Distribution Engineering	4
Service Dispatcher and Troubleshooter	2
Office and Storeroom	1
General Office	1
Transmission and Distribution Engineer (Transmission, Distribution, Substation)	3
<hr/>	
Electric System Planning and Development Department	
..... 1	
Distribution Department, and System Planning and Development Department	
Selected Assignments (either or both departments)	4
General Office Lectures (both departments)	2
Commercial Operations Department	
Sales Department—General Office	1
Customers' Service Department, Sales Engineer—Industrial and Commercial—Architect, Builder and Dealer—Heating and Air Conditioning Representatives	2
Electric Engineering Department	
	M.E.'s E.E.'s
Mechanical Engineering Division	5 4
Electrical Engineering Division	4 5
Structural Engineering Division	2 2
Construction Division	2 2
<hr/>	
..... 13	
Vacations	2
Unscheduled (Miscellaneous Assignments)	3
<hr/>	
Total	82

PUBLIC SERVICE ELECTRIC AND GAS COMPANY
Newark, New Jersey
