

# Reds Orbit Space Ship With 2 Dogs

MOSCOW (AP)—Another big Soviet space ship carrying two dogs was rocketed into orbit yesterday. Premier Khrushchev hailed the feat as "a great victory and a step to man's flight into space."

The Soviet Union may try to return the five-ton vehicle today if it follows the pattern of last August, when it put two other dogs into space and brought them back alive after 24 hours aloft.

"Khrushchev said he did not know if his scientists will try to return the space ship and its dog-carrying capsule intact, as the scientists said they did on Aug. 20.

"Probably they will," he told reporters at a reception he gave in the Kremlin for Prince Norodom Sihanouk, visiting Cambodian chief of state. "But scientists know better than I do. I haven't talked to anyone about it."

The launching drew praise from scientists of East and West assembled at the Pugwash conference to discuss disarmament.

Reactions of the two new canine space explorers, Pchelka (little bee) and Mushka (little fly) are being watched by radio-television and telemetering systems -- as was the case in the August launchings -- an official announcement said.

# Anglican Primate, Pope to Confer

ROME (AP)—The Archbishop of Canterbury, here for an historic meeting with Pope John XXIII, pleaded last night for a speedy end to the "cold war" between Christian churches.

The archbishop, Dr. Geoffrey Fisher, prayed that "rival jurisdictions" may coexist in peace, urged that Christian churches cease being competitive, and that, without treading on each others' toes on doctrinal matters, they become cooperative.

# New Orleans Demonstrators Attack Student

NEW ORLEANS (AP) — Shoving and kicking women — angered by a crack in their pupil boycott at integrated schools — took out after a university student and a reporter yesterday.

Six white children attended classes at William Frantz School, center of this week's disturbances, in contrast to the two who attended Wednesday.

Screaming insults, picketing housewives manhandled Sydney Goldfinch, a Tulane University student, saying he led recent downtown sit-in demonstrations. They shoved and kicked him. Police rescued him.

Police ordered reporter Jerry Hopkins of the New Orleans Times-Picayune out of the area. Women demonstrators accused Hopkins of hitting them with a campstool.

# GOP Will Continue Probe of Elections

WASHINGTON (AP) — The Republicans broadened their election fraud inquiry yesterday but with admittedly not much chance of overturning the election of John F. Kennedy to the presidency.

GOP National Chairman Thurston B. Morton announced formation of a National Recount and Fair Elections Committee to check "on every suspicious state."

But, when asked whether there is a good chance of switching the result of the Nov. 3 election so that Vice President Richard M. Nixon might be declared the winner, Morton replied: "Frankly I don't think, because of the time element involved, there is too much of a chance of that."

# Rockefeller Says Nixon Not Actual GOP Head

WASHINGTON (AP)—Gov. Nelson A. Rockefeller of New York said yesterday he does not regard Vice President Richard M. Nixon as the actual leader of the Republican party. He conceded only that Nixon is the titular leader.

# Nasser Seizes Property

CAIRO, Egypt (AP) — President Gamal Abdel Nasser yesterday seized all Belgian commercial properties in Egypt, including the Belgian bank and the Cairo street railways.
