

AWS Judicial Sets Sign-Out Penalties

Association of Women Students Judicial standardized penalties for failure of women students to sign out when leaving the residence halls in the evening, one of the most frequent rule violations, at its regular meeting Wednesday evening.

The penalty to be given in all such cases by the local

judicials will be a one o'clock withdrawal. This will apply to any coed who has failed to sign out more than once. One violation of the sign-out rule will not come before judicial but will be handled by the community coordinator.

Central Judicial also standardized a penalty for failure to appear before a local judicial on the date of the hearing. If no legal excuse can be offered or if the coed had not notified the chairman that she would not appear, the penalty will be a one o'clock removal plus the penalty for the offense with which the coed was originally charged.

The board also clarified the procedure for returning to the residence hall after 1 a.m. following a University vacation or a weekend.

Coeds who will find it necessary to return after the 1 a.m. closing hour should call their senior resident in the duty office. Upon returning to campus she should go directly to the residence hall where a campus patrolman will meet her and let her into the dormitory.

Procedure for taking the standard one o'clock removal after an accumulation of 15 late minutes was also clarified. A coed accumulating more than 15 late minutes must take her withdrawal within a month following her violation. If she fails to do so, an additional withdrawal will be attached to her penalty and she must take two withdrawals within a month.

Ag Test Forms Available

The state Civil Service Commission will conduct an examination program for seniors in agriculture on Dec. 10 and April 6.

Applications are available in 211 Armsby.

SGA Sets Areas, Time For Voting

Polling times for the fall elections were approved Wednesday night by the SGA Assembly. This year's elections will be held next Monday, Tuesday and Wednesday.

Students may vote between 9 a.m. and 5 p.m. in Willard, Boucke and the first floor of the Hetzel Union Building. A fourth polling place will remain open between 9 a.m. and 7 p.m. in the basement of the HUB.

The times and polling places were brought before Assembly by Robert Umstead, chairman of the Elections Commission. Umstead said that Willard was chosen this year instead of Sparks because it was felt that more students had classes in Willard.

When asked if the Elections Commission had considered having the ballot boxes in the dormitory or dining areas, Umstead said that this plan had been suggested but was vetoed. Getting to the boxes to watch the polls would be almost impossible for some of the commission members who have classes in the central part of campus, he explained.

Umstead also said that he felt having the polling places in the central area would be easier for voters too. He said that this especially applied to fraternity men and town independent men who would not have occasion to go into the dormitories.

Chaplain Announces Inter-Faith Program

Students in residence hall communities will now have a chance to participate in a new experimental religious program, Dr. Luther H. Harshbarger, University chaplain, said yesterday.

The program, which went into effect Wednesday, will feature counseling services, general religious-cultural programs and non-credit study courses in religion. It is being sponsored by the Protestant, Catholic and Jewish campus organizations.

Administering the program will be the Rev. Preston N. Williams, assistant chaplain. Under Williams will be six members of the chaplain's staff who will have offices in the residence hall areas.

Harshbarger said that the areas have been divided into communities of West Halls; McElwain, Simmons, Pollock B

and C and Pollock A, 2, 3, 4, 5 and Nittany.

Miss Genevieve M. Dilts and James Halfaker will be the coordinators for the West Halls area. Rev. Robert Boyer and Miss Elaine Heydenreich will serve the McElwain area and the Rev. F. Barrett Rudd and Miss Patricia Smathers will be in the Pollock area.

Harshbarger said that Miss Dilts and Halfaker are the only coordinators having permanent offices, but that the other staff members will be given permanent quarters in the near future. Miss Dilts and Halfaker have an office in 119 Waring.

Harshbarger pointed out that the program will not take the place of ministers' visits to students. It is limited in its scope and will only provide additional activities for students.

He said the program will be studied during this semester to determine its value and will be improved or changed at the end of this time.

AEC May Grant Aid to Students

Students in chemistry, engineering, mathematics, or physics may receive the financial means to pursue graduate studies under Atomic Energy Commission Special Fellowships in Nuclear Science and Engineering.

One hundred fifty fellowships are available in 50 designated universities.

Graduate students, or students receiving their degrees by the 1961-62 academic year may apply to the Nuclear Science and Engineering Fellowship Office at Oak Ridge, Tenn., by Jan. 6, 1961. The fellowships will begin Sept. 1, 1961.

ICE SKATING PARTY
TONIGHT 8 P.M.
at University Rink

Party will meet at Wesley Foundation. After skating we will return to the Foundation for refreshments.
