LEOPOLDVILLE, the Congo (AP)—Col. Joseph Mobutu reinforced Equator Province to the north yesterday after soldiers loyal to ex-Premier Patrice Lumumba attacked three villages there.

Drugged Girls' Mother Held Responsible

CLEVELAND, Ohio (AP)—Pelite, attractive Lillian Fratantonio, mother of this city's "sleeping beauties," was convicted yesterday of mistreating the two little girls by secretly feeding them sleep-inducing drugs.

The girls received nationwide attention last summer when doctors puzzled over what sent them into deep comas.

The younger, Bernadette, 3, had been in the hospital for the biggest part of a year, and thousands of dollars were contributed to pay for the specialists who examined her here and in New York.

Venita, 6, who joined her sister at Mount Sinai Hospital July 10, and Bernadette have been temporarily in custody of a Catholic charities home. They will remain at that home until the court decides who will care for them.

Juvenile Court Judge Albert A. Woldman said he will order a psychiatric examination for the mother. He said this will be part of a presentencing report. Mrs. Fratantonio, 29, who has been taking psychiatric treatments on her own since last August, was released in custody of her husband, Vincent, a shipping clerk at a local brewery. Her bond of \$1000 was continued.

Defense attorneys said they will consult with the family before deciding whether to file an appeal.

Clark Favors Job Bill

WASHINGTON (AP)—Sen. Joseph S. Clark (D-Pa.), yesterday predicted early Senate passage next year of a new bill to relieve unemployment.

Clark said he thinks the bill will be similar to the depressed area redevelopment measure passed by the Senate in 1959.

U.S. Accuses Soviet Union Of Colonialism

UNITED NATIONS, N.Y. (AP)—The United States accused the Soviet Union yesterday of hiding under the "false banner of liberation" while heading the largest colonial empire in the world.

In a slashing attack on Soviet anticolonial activities, U.S. Ambassador James J. Wadsworth told the UN General Assembly the Kremlin is "the arch practitioner of this new and lethal colonialism." He called the Soviet role "cynical and hypocritical."

"This veto, a bare-faced attempt to blackmail the Security Council into accepting a package deal," he said, "has effectively prevented Mauritania from achieving its full status and rights in the community of nations."

Wadsworth suggested that UN members should consider the implications of this veto the next time the Soviet Union "takes the floor to champion, with hollow oratory, the independence and equal rights of all peoples."

French Assembly Gives Approval To Nuclear Force

PARIS (AP)—France finally decided yesterday to pay the full price for membership in the world's atomic club — an independent, exclusively national nuclear striking force.

The National Assembly gave its backhanded consent to President Charles de Gaulle's plan for a \$1.2 billion striking force when the government's opposition again failed to muster enough votes behind a motion of censure against the government.

The opposition marshalled only 215 votes, far less than the 277 needed for the censure motion which would have overthrown Premier Michel Debre's Cabinet. On the two earlier readings, the opposition was 207 and 214 respectively.

Under the Fifth Republic, a bill is considered adopted if a motion of censure involving the project fails to pass.
