

# Matmen to Test WVU Streak

By JIM KARL  
Two Southern Conference champions plus four other returning lettermen will be in West Virginia's lineup tomorrow when the undefeated Mountie matmen meet Penn State at Morgantown.

The Mountaineers defeated Baltimore University, 18-9, last Saturday and downed Indiana State Teachers Tuesday, 21-9.

The Lions upended Army, 24-10, in their opener at Rec Hall Saturday.

Nittany mat mentor Charlie Speidel may insert two new faces in his lineup tomorrow in an effort to strengthen his squad.

Co-captain Jerry Seckler (147) and junior John Barone (167) have looked impressive in practice and may get starting assignments.

Neil Turner saw action at 147 against the Cadets last week, losing a close decision to Al McElhofe, 4-3. Bill Polacek fought

to a 4-4 draw with Buzz Kreisel in the 167-pound division.

With two victories under their belts and six returning lettermen, the Mounties could make things rough for State.

Captain Paul Holblitzell, who won the 167-pound Southern Conference title last year, and undefeated heavyweight Ray Bazzoli are the biggest threats on the Mountie squad.

Bazzoli won the Southern Conference heavyweight title last year and has an 8-0 career record.

There is a chance that the 200-pounder may drop down a weight class to meet Phil Myer at 191 tomorrow. If he does Tom Greaser will probably tangle with John-

ston Oberly in the heavyweight division.

Two other seasoned veterans, Ralph Staton (123) and Howard Lester (147), were runners-up for Southern Conference laurels last year. Staton has a career record of 11-3 and Lester, a junior, was 2-5 last season.

George Thompson (6-6-1) will probably be Coach Steve Harrick's choice at 130.

Harrick's big problem will be filling gaps left by graduation at 157 and 167.

Mike Locke, Gary Wilson and Sam Church are the top prospects at 157 and Mart Kibena or Mile Sullivan could start at 167.

## Busy Middle

ANNAPOLIS, Md. (AP) —Midshipman Al Hughes is getting ready to play in two bowls in two sports.

He'll captain the Navy basketball team in the Gator Bowl tournament at Jacksonville Dec. 29-30.

On Jan. 2, he'll be a halfback on Navy's football team against Missouri in the Orange Bowl.

## Basketball Scores

Modern, all-electric Medallion Home in Tampa, Florida

## YOUR NATION OF LIGHT... AND POWER!

40% of all the electricity in the world is used in the U. S., most of it supplied by hundreds of independent electric companies like yours.

One of America's wonders to foreign visitors is the wealth of electricity we put to work in our homes, on our farms, in our jobs.

We use more light and power than the next six nations together—three times as much as the Russians—and we keep on using more all the time. On the average, you use twice as much as you did just ten years ago and pay less for it per kilowatt-hour.

America's independent electric companies have doubled their electric supply every ten years, and will double it again in the next ten. Because the companies will put up the money for this growth, you won't be taxed to pay for it.

Nevertheless, some people still urge the federal government to build whole power systems that all Americans would be taxed to pay for. That's completely unnecessary—the independent electric companies are ready and able to supply all the low price power people can ever need!

Keep these facts in mind the next time you hear someone talking about the "advantages" of federal government electricity.

WEST PENN POWER

Men who face wind and weather

choose the protection of...

Old Spice  
AFTER SHAVE  
LOTION

Skin protection, that is. Old Spice refreshes and stimulates, guards against the loss of vital skin moisture. Feels great, too. Brisk, bracing, with that tangy Old Spice scent. It does seem to attract female admirers, but what red-blooded man needs protection against girls? 1.00 plus tax
