# AWS Okays Fire Drill Resolution

The Association of Women Students senate voted last night to recommend to the Dean of Women's office that no fire drills be conducted in the future between the hours of 12 midnight and 7 a.m.

When questioned as to why a fire drill was conducted at approximately 2:30 a.m. last Saturday, Mrs. Marian A. Davison, assistant to the dean of women, stated that this drill was held because the dean of women's office (which schedules drills for women) knew that most of the women would still be up.

It was found, she added, that many sleeping girls did not hear the alarm, but this problem will be corrected.

The yellow traveling sheets will be eliminated in Christmas vacation sign-out, Sandra Slis, chairman of the AWS Central Judicial Board, said in a judicial report.

All necessary information will go on the white sign-out sheets only, she added.

The new procedure is being conducted as an experiment to eliminate mass sign-out confusion, Miss Slis said.

Also in the judicial report Miss Slis noted:

• A withdrawal of privileges for a weekend night for failure to sign out or in after warning will be given in the future.

• A failure to take a withdrawal for late minutes constitutes two withdrawals to be taken the next month.

• Failure to appear before the judicial board when notified constitutes a withdrawal to be taken within two weeks time.
