

# Foreign Demonstrators Protest Lumumba's Death

LONDON (AP)—Communist nations echoed last night the Soviet denunciation of U.N. Secretary-General Dag Hammarskjold and heaped blame on Belgium for Patrice Lumumba's death.

Anti-Belgian demonstrations swept capitals on both sides of the Iron Curtain.

# Fasnacht Day Honors Donuts In Dutchland

LANCASTER, Pa. (AP) — Fasnachts — square donuts without holes — were honored and eaten by the hundreds of thousands in the Pennsylvania Dutch country yesterday.

It was Fasnacht Day, Shrove Tuesday, the day before the start of Lent and by tradition in the Dutchland a time for all to go on a big eating binge preceding more temperate times.

The tradition is that housewives should gather up all the fat in the house, and bake the square donuts called fasnachts, German for "fast night."

Lancaster Country bakeries reported their fasnacht production this year totaled 326,000. Thousands more were made by church and civic groups who hold fasnacht bakes as fund-raising projects.

Some housewives still made their own for home consumption, but the bulk of this area's fasnachts are supplied commercially. To the chagrin of one baker, most are, alas, not really fasnachts.

# Stassen Suggests UN Admit Red Countries

WASHINGTON (AP) — Harold E. Stassen, once governor of Minnesota and three times an unsuccessful candidate for the Republican nomination, suggested yesterday both Red China and East Germany be admitted to the United Nations.

Stassen made the comment in a letter to President Kennedy in which he expressed hope the Democratic leader would not stop short in meeting the country's problems.

# JFK Reviews U.S. Economy, Unemployment

WASHINGTON (AP) — President Kennedy reviewed unemployment and economic problems at an hour-long conference yesterday with top administration leaders.

The White House reported Secretary of Labor Arthur J. Goldberg "viewed the situation as critical" and said Kennedy is anxious to combat the problem.

Goldberg reported on an unemployment survey he made in five industrial states last weekend. He plans another tour soon.

Speaker of the House Sam Rayburn, D-Tex., talking with newsmen after the White House session, said Goldberg "found the situation worse than he had expected."

Rayburn said Kennedy will have something to say about the problem at his news conference tonight. The session will be broadcast live on radio and television networks starting at 7 p.m. Eastern Standard Time.

# Dillon Urges U.S. To Accept Pact

WASHINGTON (AP) — Secretary of the Treasury Douglas Dillon testified yesterday "it would be a lethal blow" to economic cooperation between this country and Western Europe if the Senate refuses to ratify a 20-nation agreement he helped write.

Both Dillon and George Ball, undersecretary of state for economic affairs, said the body set up in Paris Dec. 14 under the pact — the Organization for Economic Cooperation and Development — can't begin to operate without the United States as a member.

The pact is between the United States and Canada and 18 Western European nations. Its aim is to help solve mutual economic problems.

# Katanga Head Seems Unworried Over Reaction to Lumumba Killing

ELISABETHVILLE, the Congo (AP)—President Moise Tshombe said yesterday he is unworried by world reaction to the Patrice Lumumba slaying and as for a possible U.N. investigation—"I couldn't give a damn."

Tshombe, whose Katanga regime is held responsible by many for Lumumba's fate, said his previous messages to the United Nations have been ignored and, therefore, he will ignore a U.N. request for an investigation of the Lumumba slaying.

"I have submitted a long list of notes and protests to the United Nations but I have never received a reply," Tshombe told newsmen.

"The United Nations seems to want to provoke in Katanga such chaos in the internal situation that only a big foreign army could re-establish order after some years at considerable sacrifice. U. N. politics seems to me to be aimed at foreign domination of Katanga."

When newsmen mentioned the U.N. chief of staff in the Congo, Brig. Gen. Mengasha Hyassu of Ethiopia, came here to investigate the slaying, he replied: "I couldn't give a damn."

Lumumba's former education

minister, Pierre Mulelle, announced in Cairo, Egypt, meanwhile, that Communist-trained Antoine Gizenga has been named "legal premier" of the Congo.

# K Wants End of Armament

MOSCOW (AP) — Premier Khrushchev declared yesterday the Soviet Union is "deeply convinced of the urgent need to put an end to the dangerous and ruinous arms race."

He said the USSR "sincerely wants 1961 to become a year of success in insuring a peaceful and tranquil life on our planet," the Soviet news agency Tass reported.
