

DuMars, Fridley End Trackmen Heated Cage Rivalry Meet Bucks Tomorrow

By SANDY PADWE

Mark DuMars and John Fridley can resume their friendship tomorrow night — after the Pitt - Penn State game in the Pitt Field House.

DuMars and Fridley, teammates on Sharon High School's 1957 state championship club, have waged a not-so-friendly rivalry the last three years but tomorrow's tilt will be the last time they'll oppose each other.

DuMars for one couldn't be happier because he rates Fridley as one of the toughest defensive players he has faced during his sensational three-year stint at Mt. Nittany.

"Next to Jerry West, he's the only defensive player I really fear," DuMars said.

"He's really tough and all this stuff about our friendship ends when the whistle blows. I remember in my sophomore year he knocked me into the basket supports on a drive and I needed the smelling salts to recover."

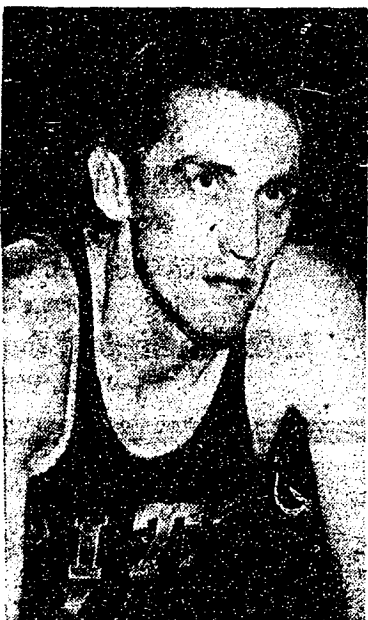

In high school, DuMars and Fridley gave Sharon an unbeatable one-two punch.

DuMars was the top scorer on the 1957 squad with a 15-point average while the 6-5 Fridley averaged 14 points a game and was the leading rebounder.

"We were 28-0," DuMars said, "but we never would have come close without John."

This year the DuMars-Fridley rivalry means more than usual because both boys are captains of their respective teams.

Usually when the Lions and Pitt clash in Pittsburgh a bus caravan makes the trip from

Sharon to watch their favorite sons battle it out.

"I heard they're coming again this year," DuMars said. "I don't think they'll be disappointed."

Penn State's undefeated indoor track team meets Ohio State, a two-time loser, at Columbus tomorrow in its final dual meet of the season, but Coach Chick Werner is probably thinking more about the Buckeye's three beefy shot putters than a possible perfect season.

Although Ohio State has lost its only two dual meets to date, 91-50 to Indiana and 64½ to 61½ to Michigan State, they have one of the most balanced shot put trios in the Big 10.

George Mirka heads the Buckeye weightmen but Ron Weidy and Sam Tidmore, a defensive end on the Ohio State football team are right behind. All three can do 50 feet plus.

Werner has good cause to worry because the shot put is Penn State's weakest event. The veteran coach is taking only one weightman on this trip, Bill Simon, a junior from Merion, Pa.

In their two victories over Navy and Army, State failed to place in the shot, but sparkling performances by unheralded sophomores and a handful of veterans made up for the sweep.

Five Penn State thinclads will be putting undefeated records on the line in the Buckeye meet. Gerry Norman has swept both the mile and the two-mile in State's two victories.

Bob Brown is unbeaten in the 60-yard dash, Howie Deardorff in the 1000, Dick Campbell in the high jump, and Ciro Risoldi in the pole vault.

Birdie Coleman, a sophomore with potential, will make his varsity debut for the Lions in the 440.

IM Wrestling Entries

Entries for IM wrestling will be accepted in the IM Office in Rec Hall until 4:30 p.m. March 2.

Phi Sigma Delta Records 24-17 IM Swimming Win

Phi Sigma Delta took first place in every event except the breast stroke to hand Phi Delta Theta a 24-17 loss in IM swimming at Glennland Pool last night.

Marvin Kaplan won the 60-yd. freestyle in 42.4, Steve Serpca won the back-stroke in 45.9, and Mike Greenwald scored 15.6 in diving for the winners.

In other meets Nittany 36 defeated Nittany 21, 33-6 and Nittany 41 won by forfeit over Nittany 37.

Attractive Card

Army, Syracuse, and California will appear at Penn State on successive Saturdays during the 1961 football season.

THE QUEENS OF HISTORY WOULD ENVY SUSAN SMITH

You know Susan Smith! She represents every modern housewife in America.

No queen in the past ever had such a wonderful servant as the electricity she uses in her home every day.

Chances are it comes from an independent electric company like the one that serves you. Most of the nation's electric power does.

Today, the more than 300 independent companies are building new plants and lines for the new homes, new jobs, new industries and increased strength America will have in the future. These companies are ready and able to supply all the additional electric power America will need.
