

Elis Rated Over Lions In IC4A's

Although Penn State's track team boasts a perfect record (3-0), the Lions are not rated as one of the top three contenders in Saturday's IC4A championships in Madison Square Garden.

Most Eastern coaches and sportswriters rate Yale as the team to beat with Manhattan, Villanova, and Penn State close behind in that order.

Princeton Coach Pete Morgan calls Yale the "best balanced team in the East," and the Elis' record makes his statement look modest.

Yale placed in 11 of the 13 events in the recent Heptagonal Games, outpointing second place Navy by 22 points.

The Elis have two defending champions in Jim Stack (600) and Tom Carroll (1000). Bobby Mack has run a 4:13.7 mile and a 9:03.8 two mile this season.

In addition Yale has two 6-6 high jumpers, a 14-foot pole vaulter, competent broad jumpers and Jay Luck, who runs the sprints, hurdles and mile relay.

Four other defending champions besides Stack and Carroll will return this year. John Thomas, who set the meet record in the high jump last year, will be back along with Villanova's Frank Budd (60-yard dash), Notre Dame's Ron Gregory (mile) and Dartmouth's Tom Laris (2 mile).

Stack will face some rough competition in the 600. Jim Wedderburn of NYU, Dick Edmunds of Princeton and Kye Courtney of Manhattan have recorded fast times this year. George Metzgar and Don Davies will compete for State.

Bill Bachrach of Yale, Bob Lowe of Brown and Gerry Norman of State will battle Laris in the 2-mile.

District Commercial Office	2
Sales Training Conference	1
Comptroller's Department	1
Miscellaneous Assignments	
Network Analyzer	1
Utilization Laboratory	3 days
Meter Repair Operations	1
Appliance School	1
Street Department School	2
Gas Dispatching Operations—Meter Stations	1
Instrument Engineer	1
Planning Engineer	2 days
Underground Piping Protection	1
Corrosion Control	1
Corrosion Surveys	3 days
Distribution Design Engineer	4 days
Customer Service Engineer	3 days
	19
Special Assignments	2
Vacation	2
Total	78

Leading discussions gives Bob the opportunity to develop management skills.

Planning and scheduling one of the many gas distribution pipeline construction projects.

Testing one of the more than 200,000 gas meters repaired at the Meter Shop during 1959.

Bob learns about the operation of gas plant production facilities, of first hand.

Directing construction projects in the field gives Bob on-the-job experience.

He assists in solving pipeline network design problems using the analog computer.
