

Heyman, Dischinger Dominate Voting for All-Opponent Team

By SANDY PADWE

Two of the nation's best—Terry Dischinger of Purdue and Art Heyman of Duke—were named to Penn State's all-opponent basketball team yesterday.

The two All-Americans head a list of six talented performers named in a special poll for the Collegian.

Bruce Drysdale and Russ Gordon of Temple, Bob Duffy of Colgate, and Joe Steiner of Bucknell round out the team.

A tie between Gordon and Steiner resulted in a six-man squad.

There were no unanimous choices but Dischinger and Heyman were one vote shy.

Actually, Dischinger's selection came as a surprise because the Lions held the Big Ten scoring champ to his seasonal low of 14 points in Rec Hall Dec. 3 when State pulled a 63-59 upset.

Heyman, on the other hand, ruined State with a 27-point performance as Duke crushed the Lions 69-46 at Charlotte, N.C., Dec. 9.

"Heyman did the best job against us all year," Lion coach John Egli said. "He's unmerciful. He just goes over everyone. And

TERRY DISCHINGER

to think that he's only a sophomore!"

Duffy and Gordon, a pair of juniors, are the only repeaters on this year's all-opponent team.

Duffy, whose best weapon is a deadly jump shot, scored 43 points against the Lions in two games this year.

He was extremely effective at

Hamilton, N.Y., three weeks ago. He scored 23 points and sparked the Red Raiders to an 80-72 upset victory.

Even though the 6-4 Gordon scored 14 points and picked off 16 rebounds, the Lions managed to upset Temple's NIT entrants, 63-56 at Rec Hall 10 days ago.

They're still wondering in Philadelphia how the Lions pulled the shocker because Drysdale was at his best too.

The 5-8 backcourtman scored 20 points and played an outstanding floor game but the fired-up Lions were in the mood for an upset.

Steiner, another junior, scored 47 points in two outings against the Lions.

He was responsible for Bucknell's 71-67 victory at Lewisburg, Pa., Jan. 10, scoring 27 points and controlling the backboards with 11 rebounds.

At Rec Hall, Feb. 7, he had 20 points but it wasn't enough because the Lions squeezed out a 65-63 victory.

Others receiving votes were Billy Packer, Len Chappell and Alley Hart of Wake Forest; Paul Miller, Jim McCormick and Jim Ritchie of West Virginia; John Fridley of Pitt, and Carroll Youngkin of Duke.

UPI Names DuMars

Mark DuMars, Penn State captain and scoring star, has been named to the second unit of United Press International's "Small-All-American" basketball team. The team is limited to players no taller than 5-10.

Howie Carl (DePaul), Dick Hickox (Miami, Fla.), Jon Feldman (George Washington), Bruce Drysdale (Temple) and Del Ray Mounts (Texas Tech) were named to the first team.

Max Perry (Utah State), Larry Armstrong (Arizona State), Stu Sherard (Army) and Jimmy Huggard (Villanova) join DuMars on the second squad.

Basketball Scores

NBA	
Philadelphia 135	New York 126
Boston 119	Detroit 118
College	
St. John's 76	NYU 64
Marquette 77	Xavier of Ohio 74
Manhattan 78	Fordham 69
Southeastern Conf. Playoff	
Kentucky 88	Vanderbilt 67

Twin-Bills

Penn State's 1961 baseball team will play doubleheaders with Syracuse, Pittsburgh, and Delaware. The Pitt and Delaware twin-bills will be played at State.

Patterson Ends Workouts

MIAMI BEACH, Fla. (AP) — Floyd Patterson ended his boxing workouts for Monday's world heavyweight title defense yesterday while Ingemar Johansson, the ex-champion, started his five-day rest period to "let the strength seep into my bones."

The Beach was taking this third Patterson-Johansson match in stride and there was no great rush for the higher priced tickets. There were indications that the crowd at Convention Hall would fall far short of the 17,000-seat capacity.

Some observers will be surprised if there are more than 12,000 people in the house, paying about \$500,000. Many of the cheapest seats (\$20) were available, although Al Bolan, general manager of Feature Sports, Inc., the promoters, denied there had been any reduction in ticket prices. A sellout would bring in about \$850,000 at a \$100 top.

HEAVY SHAKER SWEATERS

Here's the very popular, sturdy and warm Heavy Shaker Sweater. Styled of 100% pure virgin wool, this good-looking sweater is now available at a very special price. Sizes 36 to 46. Navy, black, olive, oxford grey, maroon, dark green and gold.

only \$8.95

Is your future up in the air?

As the communications needs of our nation become steadily greater and more complex, the Bell Telephone System is continuing its pioneer work in microwave by "taking to the air" more and more to get the word across.

To this end, Western Electric—the manufacturing arm of the Bell System—has the monumental task of producing a large part of the microwave transmission equipment that knits our country together by shrinking thousands of miles into mere seconds.

In spite of its great technological strides, the science of radio relay is a rapidly-changing one. And new break-throughs and advances are common occurrences. A case in point: our Bell System "TH" Microwave Radio Relay. This newest development in long-distance telephone transmission will eventually triple the present message-carrying capacity of existing long-haul radio relay installations. A full-scale system of 6 working and 2 protection channels can handle 11,000 telephone messages at the same time.

To make microwave work takes a host of special equipment and components: relay towers, antennae, waveguides, traveling wave-tubes, transistors, etc. But just as important,

it takes top-caliber people to help us broaden our horizons into such exciting new areas as communication by satellites!

And microwave is only part of Western Electric's opportunity story. We have—right now—hundreds of challenging and rewarding positions in virtually all areas of telephony, as well as in development and building of defense communications and missile guidance systems for the Government.

So, if your future is "up in the air," you owe it to your career to see "what's up" for you at Western Electric.

Opportunities exist for electrical, mechanical, industrial, civil and chemical engineers, as well as physical science, liberal arts, and business majors. For more information, get your copy of "Western Electric and Your Career" from your Placement Officer. Or write College Relations, Room 6106, Western Electric Company, 195 Broadway, New York 7, N. Y. And be sure to arrange for a Western Electric interview when the Bell System recruiting team visits your campus.

Principal manufacturing locations at Chicago, Ill.; Kearny, N. J.; Baltimore, Md.; Indianapolis, Ind.; Allentown and Laureldale, Pa.; Winston-Salem, N. C.; Buffalo, N. Y.; North Andover, Mass.; Omaha, Neb.; Kansas City, Mo.; Columbus, Ohio; Oklahoma City, Okla.; Engineering Research Center, Princeton, N. J. Teletype Corporation, Skokie, Ill., and Little Rock, Ark. Also Western Electric distribution centers in 33 cities and installation headquarters in 16 cities. General headquarters, 195 Broadway, New York 7, N. Y.
