

Economic Awards Available to Grads

Applications for the Chicago Board of Trade Fellowship Awards are due March 31.

The awards, \$2500 for work toward a doctor's degree, and \$1500 for work toward a master's degree, are given for the study of economics with emphasis on grain marketing.

The Sarah Bradley Tyson Memorial Fellowship of \$500 may be applied for until April 15. It is offered to women for graduate study in agriculture, horticulture and related professions.

HELLO AGAIN!
The big word for the weekend seems to be JAM SESSION (with rain, snow, and cold weather combined, and everybody running around in bermudas and kilts!) The weatherman around here never agrees with plans for a swinging weekend! But whatever the weather, Ethel's is always open for your benefit with a lot of don't-miss items.

WANT TO REMEMBER SOMEONE...

(you can forget him or her any other time) on that special occasion? Ethel has a wide variety of cards of all times and all people — either conventional or her great new contemporary line.

IF YOU'RE GIVING A GIFT, TOO...

you can find the perfect one here. For the men, Ethel and I agree that not much else could be more perfect or useful than a manicure set — it comes in a leather case, too. He can always use a new Churchill hand-woven or Ernst tie, or an Admark scarf tie-clasp, too. Any girl loves jewelry, and we have it all. Copper-enameled or silver bracelets will look lovely on her arm (and remember — the more, the better!). And those new sterling silver feather pins are all the rage! Don't forget that Ethel provides gift-wrapping, too.

TIRED OF THE SAME OLD LOOK?

(Of your room, that is — not what comes back at you from the mirror!) Decorate your room with some of the modernistic sculpture we have, or artificial fruit. Ethel has some new glazed fruit in many bright colors that really looks tough.

See you next week,
Gabbi
