

CYNIC You can tell him by his favorite food—sour grapes. According to the cynic, there's an opportunist in every public office, an Elmer Gantry in every pulpit, a racketeer in every union local. No worthy cause can possibly succeed, he believes, because the world is full of schemers. A master of the negative, a veteran wet blanket, he dampens dedication, chills initiative. And while the cynic sits and grumbles, doctors answer midnight calls . . . artists create works with more concern for art than applause . . . school teachers help their students, not their bank accounts, grow. Where would America be today if the cynic's view had always prevailed? Human advancement proves that people can, and usually do, work together for the common good. In this nuclear age, is there any other choice?
