

Committee Surveys Simmons Residents

By ROCHELLE MICHAELS

The food and housing committee in Simmons hall is conducting a survey of the residents in order to determine the most common complaints which the residents have about the living and dining conditions.

Although a group of this type exists in every residence hall area, the Simmons committee is the first to take a survey.

The initial step taken by the committee was to meet with Edward S. Evers, supervisor of the Simmons dining hall, and present him with several complaints and suggestions brought out in residence hall meetings.

At that time, they also got Evers' approval for the questionnaire, according to Diane Steinman, a member of the food and housing committee.

The survey form begins with a report of the meeting with Evers, stating the reasons why one serving line had been closed for the first half of the lunch hour and why dinner could not start 15 minutes earlier and breakfast end 15 minutes later.

The reason states that fewer people are eating in Simmons this semester, consequently the additional cost is not warranted.

The questionnaire then asks specific questions on the food and housing situation which has received criticism from Simmons residents.

The questions dealing with food service are concerned with

the most popular foods and how students would like their coffee and tea to be served.

Housing questions pertain to the quality of room service, the need for hall ashtrays and trash-cans and the need for cleaning blankets.

Assembly Elex--

(Continued from page one) are still electing their representatives," he said.

Eisman then said, "Yes, in Russia they still elect their representatives. They get 99.9 per cent turn out at the polls too. So what?"

Alexander also said his committee may try to work out another bone of contention, that those wishing to run for Assembly be allowed to get a nomination by petition.

The present SGA constitution provides for this, but the revised constitution made no mention of it. John Brandt, former chairman of Campus party, disputed this at Assembly, asking that provision be made for such nomination.

Salem

refreshes your taste
—air-softens every puff

Take a puff...it's Springtime! For the cool, fresh softness in Salem's smoke is the very essence of springtime. This most refreshing cigarette of all is made even more so by Salem's special High Porosity paper that "air-softens" the smoke. You'll be delighted with Salem's springtime freshness — its rich, tobacco taste. Smoke refreshed . . . smoke Salem!

- menthol fresh
- rich tobacco taste
- modern filter, too
