

SEATO to Resist Communist Threats

BANGKOK, Thailand (AP)— U. S. Adm. Harry D. Felt has persuaded the Southeast Asia Treaty Organization's military strategists to take a stronger stand on Communist intervention in Laos, informed sources said yesterday.

SEATO's military advisers opened their semiannual meeting with a statement calling for military planning "to resist and repel Communist aggression, in the light of recent developments in the treaty area."

Informed sources said that at the suggestion of Felt, head of the U.S. delegation, last-minute changes were made in the statement to make the reference to combating Red aggression stronger.

Laos was not mentioned by name but the delegates made it clear they were thinking of that war-torn jungle kingdom, where Communist-supplied rebels are fighting the pro-Western government.

Laos is not a member of the eight-nation anti-Communist defense alliance but is in SEATO's area of protection. It has been pledged protection if it calls for help.

The leader of the French delegation, Adm. Paul Ortoli, said that unless conditions can be sta-

bilized in Laos there is a danger of a Korea-like war.

The strategists are meeting behind guarded closed doors but in conversations with newsmen they reflect the new get-tough line President Kennedy has been taking on Laos.

"It is our task to make sure the Communists don't underestimate our strength and our determination," one SEATO official said.

Represented at the secret talks are the United States, Britain, France, Australia, New Zealand, Pakistan, the Philippines, and Thailand. Foreign ministers of the alliance, including U.S. Secretary of State Dean Rusk, open talks Monday.

USSR Plans Meeting

LONDON (AP)— The Soviet Union announced early today it will have a top-level meeting with foreign and defense ministers of satellite powers in Moscow next Tuesday.

U. S. Asks Soviets For Scientific Pact

GENEVA (AP)— The United States asked the Soviet Union yesterday to join in an unusual scientific partnership aimed at solving the problem of detecting secret underground nuclear tests.

Arthur H. Dean, U.S. delegate to the nuclear test ban talks, proposed that each country allow the now-secret atomic bombs to be set off underground.

The plan drew no response from the Soviet delegate, Semyon K. Tsarapkin.

Kennedy Restores Ike's 5-Star Rank

WASHINGTON (AP)— President Kennedy signed legislation yesterday restoring former President Dwight D. Eisenhower's Army rank of five-star general.

At the same time Kennedy wrote Eisenhower calling the action "a reaffirmation of the affection and regard of our nation for you."

Eisenhower resigned his Army commission a few days after he was nominated for the presidency in July 1952.
