

Cuban Invasion Charged to U.S.

UNITED NATIONS, N.Y. (AP)—Cuban Foreign Minister Raul Roa charged yesterday his country had been invaded from both Florida and Guatemala in an act of undeclared war by the United States.

U.S. Ambassador Adlai E. Stevenson quickly denied that any offensive had been launched from Florida or any other part of the United States.

Leaders Name Group to Study Redistricting

HARRISBURG (AP) — A plan was set in motion yesterday for a bipartisan approach in tackling the big task of congressional and legislative reapportionment.

State Democratic and Republican leaders named a 10-man legislative committee to work out a blueprint for reapportionment that could be acted upon in the current session.

Republican State Chairman George I. Bloom and his Democratic counterpart, Otis B. Morse, said they would participate in the committee's meetings.

The chairmen attended the first in a series of closed-door reapportionment discussions arranged by Democratic and GOP legislative leaders.

They said the hour-long session was harmonious and that another meeting may be held next week.

Bloom and Morse said the conferees had assigned top priority to developing a congressional reapportionment plan because the federal constitution makes it mandatory.

If the legislature fails to reapportion congressional districts, Pennsylvania would have to elect its congressmen on a statewide basis in 1962. The state stands to lose three of its 30 seats unless Congress decides to increase its membership.

Reds Gain Ground In Laos Struggle

VIENTIANE, Laos (AP) — Another successful attack by pro-Communist rebels was reported yesterday in southern Laos, boosting their bargaining power in any negotiations on a cease-fire line.

Informed sources said a Pathet Lao battalion backed by artillery swept soldiers of the pro-Western government from positions dug in near the town of Nhommalath.

The attack occurred Sunday as diplomatic maneuvering resumed in world capitals.

Prosecution Lists Deeds Of Eichmann

JERUSALEM (AP)—Israel's Atty. Gen. Gideon Hausner resurrected in terrible detail yesterday the ghastly record of Nazi atrocities in a powerful prelude to an expected demand for the death penalty for Adolf Eichmann.

Hausner spoke for nearly six hours after Eichmann, former Gestapo officer, pleaded not guilty 15 times to charges that he slaughtered and tortured Jews by the millions.

Pointing his finger at Eichmann, Hausner in his opening statement called him the "zealous executor" of these horrors, the Nazi "specialist in extermination," a man "absolutely devoted to his mission" of exterminating the Jewish people.

"Only one man in history exists whose hands were exclusively occupied with the extermination of the Jewish people—Adolf Eichmann," Hausner declared.

Eichmann sat without expression in his bullet-proof glass cage as Hausner cited the grim evidence left in the wake of Nazi Germany's "final solution to the Jewish problem" and set out to shatter in advance Eichmann's anticipated defense that he directed it on orders.

"We will prove," Hausner told the three judges, "that the accused went far beyond his orders and carried out functions for which he had been given no orders at all."

He charged Eichmann with personally beating a Jewish child to death for stealing fruit from a peach tree in a garden of a home he once owned in Budapest, Hungary.

But he expressed U.S. support for Cubans seeking to overthrow Prime Minister Fidel Castro and denounced Castro as a Soviet-supported tyrant.

Soviet Deputy Foreign Minister Valerian A. Zorin threw Moscow's support behind the Cuban charges and called for collective action by the United Nations to halt the invasion now in progress. He said Stevenson's speech proved the United States was behind the invasion and warned of grave consequences if this continues.

The Cuban, U.S. and Soviet positions were set forth in a dramatic meeting of the U.N. General Assembly's Political Committee.

Militia Deserting Castro

NEW YORK (AP) — The Cuban Revolutionary Council said late last night "much of the militia in the Cuban countryside has already defected from Castro."

The announcement added: "The Cuban Revolutionary Council wishes to announce that the principal battle of the Cuba revolt against Castro will be fought in the next few hours."

Thousands Welcome Ike
HARRISBURG (AP) — Ike and Mamie Eisenhower returned to their adopted home state yesterday and received a rousing welcome from thousands of their Pennsylvania neighbors.

This would be a Luxury to millions overseas

A bottle of milk, a loaf of bread, a potato—all the basic foods we take for granted—would be a luxury to millions of people overseas.

The problem of food is but one. So is clothing, shelter, the lack of equipment to build lives anew. These problems touch people of all ages, races, colors—the victims of displacement, earthquake, poverty, flood, famine... war.

How can you help? Give support to the overseas aid program of your religious faith. These programs provide food (yes, even milk), tools, clothing, homes, jobs, farm machinery, education and technical training. When your religious faith makes its appeal—give generously—you give hope to millions!

MISS PENELOPE GRAY of Alpha Phi

His name is unknown to us but if the Delt who took complete control of the howling mob and assembled them for a group picture at his house, is in need of a job this fall, we've got an opening.

After 25 odd parties this past Saturday night we were ready for a straitjacket. Never again... until Senior weekend.

On display today will be some new party pix in color taken last week.

A few extra composite copies are available to pledges who may desire one.

Speaking of pulchritude, will be working (call that work?) with the Kappas, Thetas and the D.G.'s in the next few days.
