

Ed Council to Honor Outstanding Seniors

The Education Student Council decided last night to honor 10 outstanding seniors in the College of Education at the council banquet May 11.

Those to be honored will be selected on the basis of academic record and service to the College of Education.

Alum Association To Seek Seniors For Members

Twelve college chairmen and 194 class agents have been selected to solicit Alumni Association memberships from senior class members, Ross B. Lehman, assistant executive secretary to the Alumni Association, said yesterday.

During Senior Week, which begins Sunday, each class agent will contact a certain number of seniors in his college to explain the advantages of joining the Alumni Association, Lehman said. The special senior rate for the first year is \$2, he said.

Regular membership rates are \$3 for the first five years after graduation and then \$5 per year. Life memberships are also available for \$70, which may be paid in five annual payments of \$15 each, Lehman said.

The Alumni Association sponsors 70 district clubs, alumni weekends, the Alumni College and the Alumni Fund, Lehman said.

In addition, he said, three publications are mailed to members to keep them informed of events at the University. The May issue of one of the publications, "Penn State Alumni News," will be sent to all seniors, he said.

College chairmen who will head the project are Frank Milus, Agriculture; Edgar H. Grubb, Business Administration; Stephen G. Brown, Chemistry and Physics; Susan Sherman, Education; Gary Robinson, Charles Gaston, Engineering; Gretchen Yant, Home Economics; Margaret McPherson James Nelligan, Judy High, Liberal Arts; Eugene Grumer, Mineral Industries; Polly Mitten, Physical Education.

The Nittanies scored four times in the eighth, including Pae's bases empty home run, to make the score 15-1.

Rutgers ended the scoring with a run in the top of the ninth on doubles by Bob Clawson and pinch-hitter Joe Thompson.

Schwab said he feels great this year and is looking forward to breaking his own record.

"I know I can go over 230, but how far over I don't know," he said yesterday.

Schwab and Beard will compete for State in a triangular meet against Michigan State and Ohio State at East Lansing, Mich., Saturday.

Navy Information Team To Visit Campus Soon

An information team from the Pittsburgh Navy Recruiting Station will visit the University from May 8 through May 12 to talk to students interested in serving as commissioned officers in the U.S. Navy after graduation.

The team, from the Officer Programs Division, will be located in the Hetzel Union Building from 10 a.m. to 3 p.m. daily.

They will be awarded gold keys. Sixteen candidates were nominated by the faculty and the council. The nominees are Sharon Hoffman, Marlene Neff, Sue Dinsmore, Sally Fowler, Sally Genszler, Betty Segal, Susan Sherman, Jacqueline Long, Carol McEl-downey, Maxine Miller, Barbara Bundy, Jacqueline Frank, Judy Low, Marilyn Sussman, Susan Shayner and Sandra Slis.

In past years the Education Council has honored seven outstanding seniors. Due to the increase in the size of the graduating class the council decided to increase the number to 10.

In other business, it was announced that applications for the fall Education Council Scholarship are available to all sixth semester education students at the Hetzel Union desk. The \$100 scholarship will be awarded on the basis of academic record and service to the College of Education. The deadline for applications is May 5.

At last night's meeting Jacqueline Wenk, sophomore from Sayville, N.Y., was elected parliamentarian. The council has also begun a program to speak to all visiting future teachers who visit campus in pre-announced groups. Two members of the council spoke on the new curriculum, its meaning for incoming freshmen and student teaching.

Seniors Plan for Participation In Nation-Wide Career Study

In the next few days University seniors will be asked to participate in a nation-wide study of career plans of 1961 graduates, Joseph E. Faulkner, field representative for the project, said yesterday.

The study will include 40,000 graduates of 135 colleges and universities throughout the nation. It is being conducted by the National Opinion Research Center, an organization affiliated with the University of Chicago.

Participants in the study chosen by scientific probability sampling methods will be asked to fill out questionnaires cover-

ing various aspects of their career plans.

The research will attempt to provide a national estimate of how many college students in the 1961 graduating classes plan to go on to graduate studies and how many intend to go directly into business, farming and other occupations, Faulkner said.

It is designed to determine the influences that prompted the students to make their choices, he added.

"The research, one of the first comprehensive studies ever made of why, when and how college seniors make their career plans, is expected to yield important information on the relationship between college experience and career aims and goals," Faulkner said.
