

"AS AWS PRESIDENT I shall try to represent the views of women students," Ruth Rilling said as she took her oath of office last night. Patricia Dyer, AWS Judicial Chairman, installed the new president at the Women's Week banquet.

## AWS Holds Installation Of Officers

Ruth Rilling, junior in arts and letters from Philadelphia, was installed as president of the Association of Women Students at the Women's Week banquet last night by Patricia Dyer, AWS judicial chairman.

Miss Rilling said in her acceptance speech that AWS would be faced with adapting to change, both in the national organization of AWS and in the local organization. She called upon the new officers and members to adapt to these changes.

Miss Dyer also installed Marla Stevens, sophomore in arts and letters from Greenville, N.Y., as AWS first vice president, and Paula Poyser, freshman in counseling from Rocky River, Ohio, as second vice president.

Judith Gottscho, freshman in liberal arts from Millburn, N.J., was installed as secretary and Alice Freeman, junior in arts and letters from Montclair, N.J., was installed as treasurer.

A fashion show today and Mother's Day teas and reception tomorrow will be the last events in the AWS-sponsored Women's Week.

"Fashion in Motion," the theme of the fashion show to be held from 1 to 2 p.m. today in the Hetzel Union ballroom, will feature summer travel clothes from the Charles Shop.

A tea in the HUB main lounge, sponsored by South Halls Community Council, will follow the show.

## Students Disciplined By Sub-Committee

A freshman coed was suspended for disorderly conduct yesterday until the end of the summer session of 1962 by the Senate Sub-Committee on Individual Discipline, Monroe E. Newman, sub-committee chairman said yesterday.

Sally L. Schaadt, freshman in business administration from Pottsville, was apprehended Wednesday by State College police and brought before Justice of the Peace Guy G. Mills.

She was charged with disorderly conduct for forging checks ranging in value from \$20 to \$35 over an eight month period, Mills said. She was fined \$61.50.

The dean of women's office would not comment on the case.

In other action taken by the committee, three students were placed on suspended suspension for setting off firecrackers in an off-campus rooming house, the dean of men's office reported yesterday.

The students are Albert Meyer, junior in business administration from Philadelphia; Richard M. Buck, sophomore in engineering from Westfield, N.J.; and Lawrence C. Parsons, sophomore in business administration from Sayre. They were brought before Justice of the Peace William P. Bell and charged with disorderly conduct last week.

They were fined \$36.50 each, Bell said. He added that the reason the boys gave for their actions is that they were celebrating Spring Week.

The dean of men's office also reported that one student was suspended until the fall term of 1962 and another given a suspended suspension until June 1962 on minor theft charges. Assistant Dean of Men Leroy S. Austin said that no police action was taken in the two cases.

The report also stated that two freshmen were put on disciplinary probation for setting fire to a door in their residence hall. Another freshman involved in previous minor offenses was put on suspended suspension until June 1962 for the same offense.

## Party Will Elect Fall Term Head

University party will have to elect a new chairman for the next term, Michael Dzvovnik, present party chairman, said Wednesday.

He said that his term as chairman expired with the spring elections.

"If the party members still want me to maintain my position as party chairman, I'll go along with them," Dzvovnik said.

He added that he hoped the new chairman will organize the party executive committee immediately in preparation for the fall elections.

The time and place of the party election will be announced after it is cleared by the SGA elections commission chairman, he said.

Penn State's first school colors (chosen in 1888) were pink and black.

## Liberals to Protest Constitution Changes

Liberal party is opposed to two parts of the proposed SGA constitution, Dale Harris, party chairman, said yesterday.

The party opposes the recommendation that every Assembly bill must first go through the Rules Committee, or

that a three-fourths vote of Assembly members be required to bring the bill to the floor, Miss Harris said.

The party also opposes the recommendation that no one be allowed to speak from the gallery except on a point of information, she said.

It is almost impossible to get a three-fourths vote of question, Miss Harris said, and this would limit bills being introduced from the floor. She said that the Rules Committee is too small a group to have such extensive control over Assembly legislation.

The proposal to curtail students' right to speak from the gallery is undemocratic since any student should have the right to express his views at Assembly.

"Those who suggested this proposal may be afraid of opinions expressed by critical minorities in the gallery," Miss Harris said.

"With the election of Dennis Foianini as SGA president, there has been evidence of a new attitude towards student government," she continued.

She said Liberal party is encouraging students to take a more active part in student government by placing a suggestion box on the Hetzel Union (Continued on page twelve)
