

Weber Says 475 Join Alum Group

About 475 Alumni Association memberships have been solicited from seniors so far, Herman Weber, senior class president, said yesterday.

Over 80 of the 194 class agents who were appointed to solicit memberships during senior week have not yet reported their results to the Alumni Office, Weber said. These agents must report before the end of classes Saturday, he said.

All 14 of the class agents in the College of Home Economics have reported their memberships to the Alumni Office, Weber said. He added that this was the only college with 100 per cent results reported.

The College of Engineering and Architecture leads in the total number of memberships from a single college, with more than 100 reported, Weber said. Only seven of the 30 class agents in the college have failed to report results, he said.

The drive for Alumni Association memberships started during Senior Week, May 7 to 14 and has been proceeding about as well as last year's drive, Weber said. During this week, each of the 194 class agents contacted from 8 to 10 seniors in his college to explain the operations and the procedure for joining the association, he said.

Fuller Requests Groups To Submit Officer Lists

All student organizations must submit the names of all new officers and advisors to the Hetzel Union desk by May 31, William Fuller, associated manager of Student Activities, said.

The names will be listed in the Hetzel Union Directory which is issued once every year, Fuller said.

Four OSGA Officers Elected To Serve for Coming Year

Robert Fisher, outgoing president of the Pottsville Center SGA, was elected 1961-62 president of the Organization of Student Government Associations at the annual spring meeting last weekend.

Other newly elected officers are Paul Miller, Hazelton campus, vice president; Theresa Sar-do, Scranton Center, corresponding secretary; and Faith Szuhaj, Altoona campus, treasurer.

Hearings on workshop reports from the March meeting and two general sessions were held during the two-day meeting.

All the workshop reports were accepted in the first general session, after being discussed in the afternoon hearings. Some of the

points recommended in the reports include a constitution and by-laws for the formation of the Keystone Society which will provide recognition for the "all-round student citizen" at each campus or center.

The Service Key-Certificate workshop proposed awards to be given to those students who are active in student government. Plans to facilitate communications within the Commonwealth Campus System were made by the Communications workshop.

Also, it was decided to hold the annual summer conference at University Park, Aug. 25 to 27.

In other business of the first general session, Robert G. Bernreuter, special assistant to the president for student affairs, presented trophies to the winners of the Commonwealth Campus tournaments.

Dennis to Speak At Cornell College

Lawrence E. Dennis, vice president for academic affairs and now acting head of recruitment and training for the Peace Corps, will speak for commencement at Cornell College, Mount Vernon, Iowa.

Before coming to the University, Dennis was lecturer in international relations at Drake University. He also served as special assistant to the United States Commissioner of Education and taught political science and journalism at Kansas State University and the State University of Iowa.
