

# Car Raffle Pays Off For Dairy Student

By DOTI DRASHER

One of two tickets amid thousands won a sleek 1961 wine-colored Cadillac for a University student Tuesday night at the car raffle sponsored by the Alpha Fire Co.

The awarding of the car was the climax of the three day carnival held in the 100 block of South Allen St.

Elwin H. Ream, sophomore in dairy science from Wellsboro, was "overwhelmed" when he heard that he had won the car. "It's the first time I ever won anything," he said.

Ream was listening to the broadcast of the raffle drawing on the radio and "nearly fell through the floor" when he heard his name announced as the winner.

Within 10 minutes after he heard the announcement in his apartment in the new dairy science building, Ream was down on Allen St. to accept his prize.

Ream purchased his two tickets about three weeks ago from a fellow worker at the dairy barns, he said.

When asked what he was going to do with the car, he said he was still "undecided." He said he had at first thought he would sell the car to "help pay for my college education" but this the first car he has ever

owned and he said he may decide to keep it.

Ream said he called his parents late Tuesday night and when they heard that he had won the Cadillac they were "just as shook as I was."

The car is parked at Dick's Cadillac for the present time, Ream said.
