## U.S., Soviet Tension Mounts

### Khrushchev Claims War Threat High

MOSCOW (AP) — Premier Khrushchev said yesterday the threat of war is as great now as it has been since the end of World War II. He declared his nation ready to negotiate for peace at any time or place and at any level.

He blamed the West for world tension and said any talks between him and President Kennedy should be part of a wider plan to draw up a German peace treaty. Again he linked the questions of complete and universal disarmament and the question of nuclear weapons tests and said both questions must be solved simultaneously.

Khrushchev's statements were in a letter replying to an appeal from the recent Belgrade, Yugoslavia, conference of 25 non-aligned nations asking him to meet with the U.S. President. The appeal was carried to him Sept. 5 by Prime Minister Nehru of India and President Kwame Nkrumah of Ghana.

President Kennedy issued a reply exactly a week ago to a similar appeal from the conference. Kennedy approved the idea of a top-level conference, if there was advance indication of "a reasonable amount of success." He warned the United States would not be threatened into talks and was "prepared to meet force with force," if necessary, to protect West Berlin.

Khrushchev's letter to Nehru, as reported by the Soviet news agency Tass, said: "In all the postwar period the threat of war has never perhaps been felt as keenly as today."

The Soviet leader charged the West with "intensifying military preparations in every way."

"It appears that these countries are not averse to using for a general showdown the central question which brooks no delay — the question of a German peace treaty."

### Crash Kills Student Outside Lewistown

James F. Gominger, junior in engineering science from South Amboy, N.J., was killed Wednesday when his car collided with a tractor-trailer on Rt. 322, about six miles north of Lewistown.

Gominger was returning to campus to register for the fall term when he hit the tractor-trailer head on. He was apparently trying to pass another car.

He was pronounced dead at the Lewistown Hospital at 7:05 p.m. Gominger suffered a fractured skull, broken neck and internal injuries.

The driver of the tractor-trailer, Maurice E. Godreu, 31, from Englishtown, N.J., was not injured.

State police said the impact of the collision dislodged the engine of Gominger's car and demolished its front end. The car's engine, they said, came to rest about 100 feet from the point of collision. Troopers blamed the accident partly on a wet, slippery highway. Gominger was 19 years old

A SACRIFICE TO THE LION—"Goat," the goat, was sacrificed to the Nittany Lion yesterday afternoon as a prediction of things to come. The Lion disdainfully looked away, knowing that there would be a meatier meal today. Rumor has it that just before this picture was taken, the Lion looked down on poor "Goat," sneered and said, "Son, I eat more than you for breakfast."

### 16,026 Register for Fall Term; Tops '60 Fall Semester Total

By SANDY YAGGI

A total of 16,026 undergraduate and graduate students registered for the fall term in the Wednesday, Thursday and Friday registration periods, Dr. Robert G. Bernreuter, dean of admissions and registrar, said last night.

This figure for the second registration period of the four term system exceeds the registration total for the four-day period during the 1960 fall semester. At the close of the

#### \$18.5 Million Budget

Governor Lawrence signed into law Thursday the measure which will allocate \$18,517,760 for operations of the University during the current fiscal year.

The amount, which is exactly what Lawrence originally called for, was decided upon after considerable wrangling in the state legislature.

Saturday registration 15,741 students had enrolled.

Bernreuter said that he expects 1,250 more students with late permissions to register today, bringing the fall term registration total to 17,400.

Registration was every bit as smooth as it had been during the summer term period, Bernreuter said. During the summer term registration, the first of the four-term system, 5,166 students enrolled. This included 510 freshmen, 2,173 graduate students and 326 special students.

At fall term registration all students were required to submit a Number 2 card with the schedule of courses for the winter term. During the fall term, the Number 6 course cards will be pulled for these schedules in the registrar's office, in an attempt to pre-register the students.

One advantage of this experiment, Haffner said, is that it will enable the scheduling office to know in advance what the actual loads will be. If the requests outnumber the vacancies, he said, the office can contact the departments so they can anticipate these loads and make provision for them.

The registration procedure for the winter term will be somewhat abbreviated, Haffner said. However, he said, that at no time will the registrar's office attempt to reschedule any student if the course is not available at the time requested.

There will be a general meeting for all the members of the editorial staff of The Daily Collegian at 5:20 p.m. Monday in the Collegian office, basement of Sackett.

#### Two-Part Matric Card Needed for Game Today

Students will be required to present both sections of their matriculation cards for admission to today's football game. Students who do not have both their certificates of registration and permanent identification pictures will not be admitted.

### Assembly to Meet Twice Next Week

SGA President Dennis Foianini announced yesterday that there will be two meetings of the SGA Assembly next week.

These have been set for 8 p.m., Monday and Wednesday in 203 HUB.

Foianini said the Assembly must accelerate its work in reorganization — "there is no time to spare in organizing our internal structure."

In addition, he announced that he will broadcast over the combined facilities of WDFM-WMAJ once each week to "give the students a report on the progress of their government."

The program has not yet been assigned a time slot, awaiting WDFM's formal scheduling of shows.

Foianini has also set up office hours in the SGA office behind 203 HUB. "SGA" he said, "has hired a secretary to take care of the overburdening committee work that chairmen and the

### U.S. Urges U.N. to Defy Soviet Bloc

UNITED NATIONS, N. Y. (AP)—The United States urged the U.N. General Assembly yesterday to defy Soviet Bloc opposition and name an outstanding world leader as temporary secretary-general.

Secretary of State Dean Rusk issued a statement asking quick action as the 99-nation assembly plunged into opening policy debate.

The situation caused by the death of Secretary-General Dag Hammarskjold and the Berlin crisis quickly emerged as the two top issues troubling world leaders.

Zentaro Kosaka, Japanese foreign minister, told the assembly his country could not support the Soviet trioika plan for a three-man U.N. executive, made up of representatives of the Communist, Western and neutral nations.

"Such a system would bring into the key position in the United Nations conflict that exist between different political philosophies and systems, paralyze the functions of the secretariat and destroy the very basis of its international neutrality," he declared.

Hossein Ghods Nakhai, Iranian foreign minister, said trioika would deal a mortal blow to the United Nations.

The Iranian and Japanese foreign ministers, along with Brazilian Foreign Minister Afonso Arinos de Melo Franco, all appealed for a negotiated settlement of the Berlin crisis.

The Brazilian expressed hope that President Kennedy and Soviet Premier Khrushchev would reach a compromise on Berlin.

Kosaka said the only way is through negotiations. He backed the Western view that four-power rule over Berlin cannot be set aside by any one power.

The Iranian appealed to both East and West to rule out use of force in the Berlin crisis.

secretariat cannot accomplish alone."

Committee heads and members may bring their work to this secretary each weekday night from 7 to 9 p.m. In addition, Foianini said he will be on hand at those hours to discuss student government with any member of the student body, faculty or administration.

The SGA Housing List committee, which serves as a non-discriminatory rental clearing-house for landlords and students, will also be in operation 7 to 9 p.m. each night. The phone number is UN 5-4952.
